EMERGENCY CALLS

In an emergency if you call or dial "Operator" and say

"I want to report a fire" or "I want a policeman,"

giving the address where the emergency exists and the name of the city or town, an attempt will be made to connect you with the required number.

For other than emergency, consult the alphabetical section of the directory

FREQUENTLY CALLED NUMBERS

When placing an Inter-City call, if you give the number of the telephone desired it is possible to complete the call more promptly. We suggest, therefore, that you record in the space provided below numbers called through Long Distance as well as local numbers frequently called or not listed in the directory. On Page Three are shown the special numbers for use when calling the Company on matters affecting your service.
