You see *all* the road when you drive a *Buick*

The dreaded "blind spot" is gone forever! In Buick for 1928 closed car front posts are narrowed so that *all* the road, ahead of you and at the side, is clear.

And thanks to the efficiency of Fisher craftsmanship, these slim corner posts have even greater strength than the type formerly used.

See a Buick for 1928 at the nearest showroom. Get behind the wheel and prove for yourself how clearly you can see *all* the road from the driver's seat.
