LOMITA.—For the second time Narbonne's Green and Gold has taken first honors at the Southern California Press convention, winning first place for Class A High School publications with the best humorous section and the best feature story. Narbonne did not send a delegate to San Diego, so was apprised by mail of its awards. Miss Margaret McGarry, journalism instructor, deserves much credit for the showing made by her pupils. Anti-Annexation Rumors "Spiked"

to afford such supervision. This section, if it annexes to Torrance, will get the same protection with fire apparatus and fire hydrants as Walteria or the McDonald Tract. The Torrance Fire Department will afford that territory equal protection with any other part of the city.

Taxes Spent Locally

(4) That if the district entered Torrance, it would be deprived of police protection. This is answered by the above statement of facts, the citizens' investigating committee found. Walteria has its special officer and so has the McDonald Tract besides the patrols from the regular police department.

(5) That north Lomita, if it became part of Torrance, would have to participate in all old bond issues of this city. This is utterly without foundation, as no annexed territory bears the cost of previous bond issues by California State law.

Furthermore, the citizens' committee received the pledge of Torrance city officials that money raised in north Lomita if that territory annexes to Torrance, will be spent in that section for improvements. Walteria and the McDonald Tract, both recent additions, bear testimony to that fact.

A. and a pom pom drill by girls of the gym classes. The senior girls gave acrobatic stunts. The serving of punch and wafers concluded the program.
