IN THIS ATOMIC AGE

more and more people are thinking about the future and the shape of things to come. But actually still more people are thinking about the present and world wide shortages. And top of the list is a house; some place to call home.

I have an attractive stucco house, only 4 years old, with hardwood floors throughout, wall to wall carpet, two good size bedrooms, nice kitchen and dining area, beautiful fenced-in back yard with lots of shrubs and roses, attached garage which can be converted into bedroom or den. This property is located in the heart of a very nice district, 2 blocks from stores, on a paved street with sidewalks, and city bus at your door. $2,000 down, or if you are unlucky and don't have that much money and can make large monthly payments, call me for an appointment, to show you this beautiful home.
