HOW TO BUY A NEW CAR
Don't be fooled by the "Volume Dealer Low Cost" pitch. To sell cars in a big volume fashion is incredibly expensive. First it requires $100 per car for advertising, $30 per car rent for their elaborate facilities, $85 in commissions and bonuses for high pressure salesmen and managers. This means $215 cost for a "Volume Dealer" to sell a car. You pay this $215 plus the dealers profit. With their tremendous investment they have to make a profit on every car, no matter what GIVEAWAY or GIMMICK they use.
At TORRANCE LINCOLN MERCURY our cost is $25 for advertising, $15 for rent and $55 for commissions and bonuses. It costs us $95 to sell a '56 Mercury. We pass this $120 savings to you.
