NORTH TORRANCE TATTLER

By MRS. ILENE ALLISON

Now we know how the other half lives. Around one hundred members of the North Torrance Civic Improvement Association gathered in the backyard of Mr. Dave Dyer, 17030 Crenshaw, for breakfast. Many came with their curlers still in their hair, wearing robes, pajamas, and what have you. This 'come as you are' breakfast was a very successful affair. Doorbells began ringing at 7 o'clock on Sunday morning, and the crowd disbursed in time for church. Everyone enjoyed it. Let's try it again sometime.

The teenagers class of the Sunday School held at McMasters Hall elected their officers for the coming year. Miss Sally Collins was elected president; Darlene McKee, secretary; Jean Brooks, treasurer. This group is planning a trip to Catalina sometime within the coming month. A campaign is on to raise money. On Saturday, June 16, the first of a series of bake sales will be held at Manor Market. Many sales of various kinds are being planned by the committee. If it's homemade cake or pie you want, keep this sale in mind.

Mrs. G. A. Crossett, Caddo, Oklahoma, is visiting at the home of her daughter, Mrs. Alex Bates, 17039 Glenburn. Mrs. Crossett arrived in time for the graduation of her grandson, Jerry Downing.

Donning their Sunday best and looking every inch an eighth grade graduate, forty-three boys and girls attended a luncheon given by the PTA mothers. This is the first group graduating from North Torrance Elementary School. The people of this area are very grateful for our new school, for the manner in which it has been conducted, and for the loyalty and hard work of the PTA board and parents. We hope in the future to see many more fine groups such as this go out from our school.

The matron of honor was Margaret Johnson, sister-in-law of the bride. A reception followed at the church. Johnson, parents of the bride, and her brother William arrived for the wedding. The bridegrooms mother, Mrs. Lula G. Hulse, resides at 17026 Delia. Beverly Salisbury photographed the wedding. On May 20, Mrs. William Johnson, 17008 Delia, gave a kitchen and linen shower in honor of the bride. Luncheon was served to 25 guests. Lois Jean received many beautiful gifts.

By GRAYCE RYCKMAN FRontier 5-3718

Well, we are mighty pleased this week to welcome home Jack and Florence Heptig of Bindewald. Jack has been in New York going to school for his company, and Florence and their youngest daughter rode as far as Kansas with him and stayed with his folks there. Their other two children remained at home with Mrs. Heptig's Mother, to attend school.

* * *

Barbara and Jim Clark and baby David spent several days last week at Barbara's folks place in Huntington Beach.

* * *

The Jack Milsoms of Bindewald had Esther Johnson and Dorothy Dwyer in for a couple of games of canasta last week. Ended in a nice friendly tie. Each couple winning a game.

A note to "garden lovers" of all ages: a free class in Gardening and Landscaping started last night at the Torrance High School, room 108. You can still join and learn the numerous things that puzzle most of us when it comes to beautifying our yards. Charles Luger, Instructor, will also discuss house plants, slipping and seeding, and vegetable gardening. Come at 7 p.m. next Wednesday—and bring a neighbor.

* * *

We understand Peg Gravlin was quite sick last week end. Could it be she is doing too much, with so many scout activities? Better take it easy Peg.

Also on the sick list was little Jackie Jurisich. He had to have a doctor in the middle of the night. Poor little fellow had a chest cold and asthma. But several 'shots' put him back into mischief real quick.

Have you registered your eligible child for kindergarten yet? If he or she will be 4½ years old by September 1st, he or she is eligible, and should be enrolled by the 29th of this month. The school office will remain open until that date.

We understand that the Bob O'Melias of Vanderhill Road have sold their home and will be leaving us right after their vacation trip to Detroit. Grayce Ryckman regrets the loss of their daughter, Karen, who was a fine Brownie and Mrs. O'Melia herself, who was the Brownie Committee Chairman last year.

* * *

And here is a reminder to other Brownie Mothers! The meeting at Mrs. Doris Herbst's house, 5213 Vanderhill road is tonight at 8. Summer plans for the Brownies will be made at that time—so try to come.

Remedial Reading Course Set

Compton Counseling Service is sponsoring two five weeks courses in "Remedial Reading" for children. The first session begins June 18 and the second, July 23.

This course is planned to meet the needs of the "slow reader" as well as the "mechanical-minded" child. The purpose of the course is to teach the child that reading can be fun. Children who have not been able to keep pace with the requirements of their classes would benefit by this type of tutoring.

The most outstanding causes of failure in reading ability are: lack of reading readiness, immaturity, lack of self-discipline, social and emotional disturbances, absence from school and lack of drill in sight, word skill and sounding skill.

Dolch methods and materials, as well as other recognized methods that are educational and entertaining wil be used. For further information, please cal NEwmark 2-8812.

The Bible is the great book of yesterday, a greater book today, and with even more promise tomorrow, when man shall live in peace and brotherhood together if they will but accept its prophetic teachings.

APPLICATIONS MAILED

The American Legion County Council puts applications for tickets for the 19th annual Fireworks Show and Circus, scheduled the evening of July 4th at the Memorial Coliseum, in the mail today.

As the West's towns have grown, we've pushed farther out into the "country" with new telephones.

A FEW MONTHS AGO THIS WAS AN OPEN FIELD

In most towns you can telephone over a wider area than ever

1. In this little map of a Western town you can quickly see one of the results of our tremendous telephone expansion program. The light part shows the area of the community served by the local telephone exchange, at basic local rates, before we began to build following World War Two. The shaded area shows what we've added in just the past five years to keep up with the growing city. In many places the added area is larger than the old.

2. New equipment in amazing amounts has been put to work to increase the number of telephones you can call in most towns. For adding each new line means providing a separate pair of wires back to the central office. And the distance we must run these wires increases as we push out from the main part of town. Expensive, yes. In fact, our expansion program in the last five years is the largest ever executed by an operating public utility.

3. All this newly built-up calling area—which adds greatly to the number of telephones you can call—is another boost in the value of the service for local telephone users. You can call anywhere in these newly built-up areas at rates which are a real bargain today. For in spite of inflation, in spite of higher costs of providing service, telephone rates on the average have gone up less than half as much as the cost of living.
