It's a little world for these fish caged in an aquarium. The oceans and the seven seas may seem prisons enough. But when their home is reduced to a small pittance of the space God made, then that is very different. Of course, they give passing visitors a bit of pleasure. They sport their gleaming fins and put on "big fish shows," but *they are imprisoned. They are homeless and ill at ease.*

Are you and I like the caged fish? Are we confined to small man-made prisons? Do we serve the Almighty in the great world He made? *Or do we live only for what we eat?* How many people are affected by what we say or do? Are we examples for better citizenship in this world and the world to which we are going? *Have we ever suggested the eternal, the abiding...do we love humanity enough?*

We are rich in the relationships of human living but *many are blind to the goodness of God.* We live day after day without offering one thankful prayer for the bounties He gave. *Many of us have chosen an aquarium world to live in.* Like the fish, we live for what we eat. *God is long-suffering, but He expects us to attend His church and help bring His Kingdom in.* Will you be a worker?
