Post Given Bank School Diploma

George W. Post, Torrance National Bank, received a Certificate of Graduation recently from the Pacific Coast Banking School following the 1953 two-week resident session at the University of Washington, Seattle.

The largest enrollment in school history totaling 243 men includes 26 members of the trust division. The trust division was added to the regular program for 1953.

Each graduate is required to complete an extension program between sessions, consisting of major problems on banking and a thesis dealing with banking or an industry in the banker's own locality.

Mr. H. J. Mendon, vice-president of the California Bank, Los Angeles, and chairman of the Board of Directors of the school, stated that the program is aimed to increase and improve banking services. The school is sponsored by the bankers associations of Arizona, California, Idaho, Montana, Nevada, Oregon and Washington.

Rites Held for Grace Bartlett

Funeral services were held Friday morning in Santa Ana for Grace F. Bartlett, 73, sister of A. H. Bartlett, Torrance city clerk.

Miss Bartlett died Tuesday The Rev. Robert Larkin of St. Anselem's Episcopal Church of Garden Grove conducted the funeral services. For the past 13 years Miss Bartlett had lived with her sister, Mrs. J. W. Barnes, of Garden Grove.

Prior to moving to Garden Grove she had lived in Torrance for almost 20 years and was an active member of the Torrance chapter of the Order of the Eastern Star and the Betsy Ross Star Club.

Besides her brother and sister, Miss Bartlett is survived by five nieces and three nephews.

CHEESE IMPORT

Swiss cheese was brought into America by Swiss immigrants in 1830.

Oil Drilling in Southwest Area Of City Okayed

(Continued from Page 1)

for the drilling of another well and is at all times attended, and the premises thereafter shall be kept in a clean and orderly condition;

No Sumps

(c). No brine sump or any other sump except as is herein provided, may be constructed and any tank needed for producing operations shall be placed on or above the surface of the ground:

(d). The guard railings around the pumping unit required by Petroleum Safety Orders — Drilling and Production, and other applicable safety orders issued by the Division of Industrial Safety, shall have wire mesh or wire grating welded thereon or otherwise affixed thereto.

4. All drilling and producing operations shall be conducted in such a manner as not to constitute a public nuisance. A faithful performance bond of $2000 shall be filed with the City Clerk for each well up to and including the first five wells. Where more than five wells are drilled, $10,000 in bonds shall be the total required of any permittee. Such bond or bonds shall include as obligees the City of Torrance, a municipal corporation.

Other Terms

In addition to the above conditions, Lloyd said he would ask that the derricks be lighted with a minimum of two red lights during the hours of darkness and restricted visibility, and that a minimum of four conventional red or orange flags be affixed to each derrick.

After being assured the portable drilling rigs would be used, the planners unanimously recommended to the City Council that the petition for variance be approved.

In addition to the Revo Company proposal, it has been said that several firms are interested in the possibility of oil production in this area. A minor oil boom was hinted in the South Lomita area recently and one firm is still reported ready to slant-drill from a South Lomita site. Another is reported to be interested in the possibility of oil production in an abandoned sand pit southwest of Hawthorne Ave. and Newton St.

Also, the General Services Administration has been taking bids for slant-drilling under the Torrance Municipal Airport. The federal government retained the mineral rights to the area when the airport was turned over to the city after World War II.

Pvt. Madrisal Arrives On Okinawa for Service

Pvt. Frank Madrisal, son of Mr. and Mrs. Weneslade Madrisal, 20355 Valerie, recently arrived on Okinawa for duty with the 29th Regimental Combat Team.

A strong U. S. outpost in the Far East, Okinawa is located off the coast of China between Formosa and the southern tip of Japan. The island is the home of the Ryukyus Command headquarters.

A rifleman in Company M of the 29th, Pvt. Madrisal entered the Army last February.

Short Week Due For Banks, City

It'll be a short week for bankers and city workers.

Both the banks and city offices, with the exception of the emergency services, will be closed tomorrow — Labor Day.

They will be open on Tuesday as usual and close on Wednesday, Admission Day—as usual.

Democrats Set Breakfast Feed; King Homecoming

Area residents are invited to attend a breakfast to be staged by the Torrance Democrats on Sept. 13 at 10 a.m. to hear an explanation of the "Dime-A-Day" campaign, according to Mrs. Rose Sarukian, program chairman.

The feed will be held in the Allan-Richard Hall, 1953 W. Carson, which is located upstairs over the Torrance Bowling Alleys.

Tickets for the breakfast, which are $1, may be obtained by telephoning Lyle O'Hora, FAirfax 8-1245, or Frank Gately, FAirfax 8-3496.

Other forthcoming Democratic events include a homecoming party for Congressman Cecil R. King, who will be honored at a reception to be held in the Torrance Civic Auditorium on Oct. 10. Exact time of the affair will be announced at a future date, according to Mrs. Luella Carreau, publicity chairman for the local organization. An earlier date for the reception for the Congressman from the 17th District had to be cancelled because he was unable to return to California from Washington, D. C. until he had completed his work on the important House Ways and Means Committee.

Emporia Picnic Set

The Emporia, Kans., society of Southern California will hold its annual picnic Sunday, Sept. 13, in South Gate Park. Ice cream and orangeade will be served.

SKIN SURFACE

An average adult has about 20 square feet of skin.

Twins Surprise Seaside School Veep and Spouse

The stork dropped a surprise bundle at Torrance Memorial Hospital Friday with Mr. and Mrs. Lloyd Jones, 811 Elm St., on the receiving end.

Instead of a boy or a girl, the Joneses got both. Neither they nor the attending physician were expecting the double arrival.

Male half of the duo, named Allan Chris, arrived at 1 p.m., his sister, Carolyn Deei, arriving 13 minutes later. The boy topped his sister in size by a mere half-ounce, weighing 6 lbs. 3¼ oz. to the girl's 6 lbs. 3 oz.

The twins have one brother, eight-year-old Evan. Father is vice-principal at Seaside School, and paternal grandparents are Mr. and Mrs. Chris Jones, 2118 Martina Ave.

Local Dairies Win Medals at California Fair

Torrance area dairies did a bang up job of latching onto gold, silver, and bronze medals for milk and cream products in judging at the California State Fair which opens in Sacramento today.

Milk and cream awards announced yesterday showed five dairies in the area brought home a total of 10 medals from the fair.

Announced by fair officials were the following awards:

Verburg Dairy, 2 gold medals, 1 silver, on their milk and cream products.

Ben Cluff Dairy, silver medals for Grade A pastry or whipping cream, and for homogenized milk, and a bronze medal for special milk.

Inglewood Farms received gold medals for homogenized milk, half and half, and special milk.

Lorraine Dairy received a silver medal for homogenized milk.

Valley Dairy Co received a gold medal for homogenized milk.

Verburg Dairy received a gold medal for Grade A pastry or whipping cream and for rits half and half.

The fair, which opens today, will continue through Sept. 13.

The West's 6,000,000th telephone was installed last week in the home of Master Sergeant (USMC) and Mrs. Lionel P. Williams.

WEST'S 6,000,000th TELEPHONE GOES TO WORK

Interstate Telegraph Company installs milestone instrument in Barstow, Calif.

A veteran of Korea and his wife are making calls this week over the West's 6,000,000th telephone. It was installed September 2nd by the Interstate Telegraph Company (an affiliate of the California Electric Power Company) which provides telephone service in Barstow and the surrounding territory. The Williams' telephone brings the total in the West to almost double what it was at the end of World War II — a remarkable growth record made possible by the combined efforts of more than 200 telephone companies.

It may surprise you to know that the West is served by more than 200 different telephone companies and the U. S. by over 5,200 companies. And the teamwork among them makes it possible for any telephone in the West to be connected with any of the 49,000,000 telephones in America. Surely one important reason for the West's sound growth is the cooperation among the telephone companies which serve it.

Telephone business is a community business

The telephone business is essentially a local business. Ninety percent of all telephone calls are local calls. And in the hundreds of communities served by the West's telephone companies, local people — your friends and neighbors — provide your telephone service, working constantly to furnish good service at low cost.
