Kinsey Heads Church Club

Arthur D. Kinsey, of 2354 Sonoma St., was re-elected president of the Men's Fellowship of St. Andrew's Episcopal Church at a recent meeting of the group.

Other officers elected included Frank W. Simcoe of 2917 Eldorado St., vice president, and Albert Sudanus of 1005 Faysmith Ave., secretary-treasurer.

Next meeting of the group will be on April 10 with a North American Aviation test pilot slated to be speaker.

Every man who is a member of St. Andrew's parish is invited to attend. The meeting is set for 8 p.m. at the parish hall.

CAPITAL SITE

New Zealand's capital has been located at Wellington since 1856. Before that it was Auckland and the first New Zealand legislature met there in 1854.

Evangelistic Teams to Visit Lutherans Here

Sunday afternoon at 2 p.m., teams of men and women from Park View Lutheran Church will visit families in the surrounding community who attended the Easter services with an invitation to attend the regular Sunday worship services, according to Mrs. Philip Woodward, secretary of the local evangelism committee.

For all those who are interested in knowing what the Bible teaches about Christ and the Christian faith and practices, Mr. and Mrs. Alvin Mahnke of 16003 Ardath Ave., Gardena, will open their home to be host, also this Sunday at 3 p.m.

Holy Communion will be celebrated at the church Sunday at 8:30 and 11 a.m. services, while Rev. Karl S. Oelschlager will begin a series of messages for rest of April entitled, "After Easter, What?"

Easter Sunday's presentation of the play, "Dawn In An Upper Room," was canceled at the 9:30 a.m. Sunday church school hour, but the story, "The Resurrection" on film, was given at that time.

Rev. Jolley Sets Sunday Sermon Topic

"God's Hidden Treasure" will be the sermon topic of Rev. Truman M. Jolley Sunday at the First Presbyterian Church, 1842 Gardena Blvd. This will continue the series of sermons from the Gospel of Matthew.

According to Rev. Jolley, "stories of buried treasure never cease to fascinate. For a poor man suddenly to find hidden wealth is a dream that drives on the old sour dough of the Klondike and the modern uranium hunter in his jeep. This is the background of one of Jesus' unforgetable stores, one of buried treasure."

At the end of the service, three deacons will be ordained and installed to fill unexpired terms.

At 7 p.m. Rev. Jolley will be guest speaker at Senior High Westminster Fellowship, speaking by request on "Life After Death." This will be followed by a discussion period.

Christian Science Radio Lecture Slated

"Christian Science Reveals the Unlimited Power of Prayer" will be the subject of a lecture to be radiocast over station KPOP (1020 kc) Sunday afternoon, April 8, at 2:30 from First Church of Christ, Scientist, South Gate. The lecturer, John J. Selover, C.S.B., of Long Beach, is a member of The Christian Science Board of Lectureship.

BRIGHT ALLOY

An alloy consisting of tin and copper has the appearance of silver when it is used to plate metals.

God's Helping Hand

Anyone, at any moment, can seek and find God's helping hand.

Like the prodigal, he can weary of material thinking and living to "come to himself" — to find peace and satisfaction.

How may one enter this path?

SCIENCE AND HEALTH *with Key to the Scriptures* by Mary Baker Eddy

is showing the way for multitudes. It is open to all, regardless of past troubles or mistakes. It is open to you.

Study of this great textbook reveals the method of rising above unsatisfactory conditions and the thoughts that have caused them, to stand firm in a new path of peace and fulfillment.

Science and Health may be bought, read, or borrowed at

218th St. and Manuel, Torrance

NEW CHOIR FORMED AT LOCAL CHURCH

A youth choir was recently organized in the First Christian Church. It will participate in the worship service for the first time on Sunday. The new choir will sing at 9:30 a.m. and the Chancel Choir at 11.

Wesley Smith is the director. The choir is composed of young people in high school and the seventh and eighth grades. There are 36 members.

The Rev. Milton Sippel will preach on the subject: "Christ Is Our Authority."

Local Pastor Will Attend Meet Sunday

Pastor Glenn L. Goffar of the Torrance Seventh-day Adventist church, 1610 Acacia, will attend a day-long, Southland-wide meeting of doctors and ministers on Sunday at the 54th Street Seventh-day Adventist church, 1973 W. 54th St., Los Angeles.

"Medicine and religion are joining hands today to minister to both the physical and spiritual problems of mankind," Pastor Goffar said in commenting on his attendance at the conference. "Medical science is finding that a large percentage of physical ills are directly related to mental and spiritual disorders. This meeting will discuss many of these vital problems confronting mankind today."

Pastor Goffar said that international medical and spiritual leaders of the Adventist church will speak at the meet. W. R. Beach, Washington, D.C., secretary of the General Conference (world organization) of Adventists, will speak on "A World-Wide Vision." Dr. Wayne McFarland, Adventist world medical official, will present an address on medico-spiritual relationships.

"A special presentation and discussion will be held concerning hypnotism," Pastor Goffar noted. "George Vandeman, Washington, D.C., leading Seventh-day Adventist minister, will present both spiritual and physical aspects of the use of hypnotism which is currently being considered by numerous physicians in this country."

The local pastor will join with more than 150 other clergymen and some 400 physicians in discussions of the meeting. Physicians and ministers from Los Angeles, Santa Barbara and Ventura counties will attend.

Dow's Dan Ryan Chemical Week Chairman Here

Dan W. Ryan, of Dow Chemical Company, has been appointed Torrance chairman for Chemical Progress Week, which will be observed nationally April 23-28.

He will coordinate local activities with Raymond L. Geller, president of A. R. Maas Chemical Company of South Gate, who has been named California state chairman, and Floyd J. Gunn, of Dow, Southern California chairman.

Ryan said that more than 100 chemical manufacturing companies throughout the state are expected to participate in the program which is designed to bring about a better public understanding of chemistry and the chemical industry.

He said "A Better America Through Chemical Progress" is the theme of the program which will emphasize the role of chemical technology in raising the American standard of living during the past 25 years. In addition to pointing out the many benefits enjoyed by every individual through chemistry, the program will include special activities in secondary schools and colleges in an effort to interest young people in careers in chemistry.

Ryan pointed out that chemicals and allied products now rank fourth in total assets among the nation's manufacturing industries and fifth in total sales.

"California is eighth in the nation in chemical manufacturing," he said. "Since 1947 there has been a 29 per cent increase in the number of chemical plants in the state, and a 25 per cent increase in the number of employes."

Lomita Baptist Youth At Sunrise Breakfast

After hte sunrise service at Green Hills last Easter Sunday the young people of the Lomita First Baptist Church proceeded to the home of Mr. and Mrs. R. Such for a sunrise breakfast.

Every month a social is planned for all young people of high school age. This month, April 13, a roller skating party is being planned at Culver City.

Garden Chatter

By LORING BIGELOW

Since its founding in 1939, the All American Rose Selections has declared only 46 All Americas and regional award winners out of the thousands of roses introduced.

The AARS continues to intensify its rigid trial testing in 22 official test gardens throughout the United States. Hybridizers are concentrating more and more on a combination of beauty, usefulness and hardiness in their new rose creations.

Going back a couple of years we find that in 1955 three roses were awarded the AARS tribute: Queen Elizabeth, Tiffany, and Jiminy Cricket, a Grandiflora type, a hybrid tea, and floribunda respectively.

Last year only one rose was worthy and stood up under the rigorous trials; the Circus, which is a multicolor floribunda.

• • •

The winners for 1957 have been announced and for the first time a white floribunda, White Bouquet, has been chosen along with a climber, Golden Shower.

White Bouquet is a sparkling white, with spicy sweet gardenia-like flowers which open slowly and retain a high center. When the flowers are fully open, they show golden yellow stamens. It grows 18 to 24 inches high, with spreading habit and is excellent for bedding or borders. It will sell for $2.50 when bare root season rolls around again. There will be a limited number on sale this summer in containers at a slightly higher price.

• • •

The other winner, Climbing Golden Showers, is a vivid canary yellow, pillar type climber. This is the first climbing rose in years to win an AARS award High Noon won a regional award in 1948. The flowers on Climbing Golden Showers are large, about 4 to 5 inches across and appear profusely on a vigorous hardy plant. In the bare root form, this rose will be available at $3.

Keep your eyes open for the tremendous amount of publicity that these two award winners will receive this season, and make up your mind to find a place in your garden where you can display them at their very best.

Gospel Meeting To Continue at Church of Christ

A gospel meeting which began at the Church of Christ last Sunday will continue through Wednesday evening, April 11.

The sermon topics for this Sunday will be "I Will Build My Church" and "With Signs and Wonders." The closing sermons for Monday, Tuesday and Wednesday evenings will be "The Children of God"; "That They May Be One"; and "Jesus Shall Be Revealed."

Another step to keep pace with the growth of the church will be taken April 15. At that time the first duplicate services in the history of the Torrance Church of Christ will be held. Present plans call for Bible classes to be held at the usual time of 9:45 a.m. and the two worship services to precede and follow that activity. Exact times of all services will be announced next week.

AIR FORCE HISTORY

On August 1, 1907, the army air force began as the aeronautical division of the army signal corps with one officer and two enlisted men.

INCA INVESTMENT

The walled terraces of Inca farms represented an investment of about $18,000 an acre in terms of modern labor costs, it is now estimated.
