If your score is 180 or above you are, whether you know it or not, part of the Moral Re-Armament of America and the world.

If your score is between 100 and 180 you are, whether you know it or not, a security risk and liable to be used by the type of men who subvert and pervert the nation.

If your score is below 100 you are part of the decadence in this nation or America's conscious enemy.

Whatever the result of the coming election, we believe the party in power must make a main aim the re-creation of character in the home life, industrial life and political life of America. That is our urgent need and without it our energies will be drained by license and our liberty will be in danger. For that, example is better than exhortation. With Moral Re-Armament, our energies will be redoubled, our productivity increased, our real greatness will be restored and our future will be assured. We want to see America governed by men governed by God. We want to see an America where honesty, purity, unselfishness and love are the normal for public men and the accepted standards of the whole nation.

Moral Re-Armament was not, is not and never will be pacifist. We want to see the fools who spread that lie begin to recognize the knaves who invented it, and understand their motives as betrayers and corrupters of our country.

Moral Re-Armament is the greatest battle of all time whereby men have sweated in peace and bled in war, and are ready to do the same again if necessary, to see God restored to leadership in this and every country.
