CERTIFICATE OF BUSINESS
FICTITIOUS FIRM NAME

THE UNDERSIGNED do hereby certify that they are conducting a sewer contractor business at 1608 Hickory Ave., City of Torrance, County of Los Angeles, State of California, under the fictitious firm name of Parker-Smith Construction Company, and that said firm is composed of the following persons, whose names and addresses are as follows, to-wit:

Winfred E. Lawson, 23821 Park St., Torrance.

Paul E. Parker, 1608 Hickory Ave., Torrance.

WITNESS our hand this 21st day of September, 1957.

WINFRED E. LAWSON
PAUL E. PARKER

STATE OF CALIFORNIA)
COUNTY OF LOS ANGELES) ss

ON THIS 21st day of September A.D., 1957, before me, Reginald C. White, a Notary Public in and for said County and State, residing therein duly commissioned and sworn, personally appeared Winfred E. Lawson and Paul E. Parker, known to me to be the persons whose names are subscribed to the within Instrument, and acknowledged to me that they executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

(SEAL) REGINALD C. WHITE,
Notary Public in and for
Said County and State.

My Commission Expires Nov. 16, 1960.

T-Oct. 3, 10, 17, 24, 1957.

Torrance Herald—507

ORDINANCE NO. 910

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF TORRANCE GRANTING TO FOUR CORNERS PIPE LINE COMPANY, A DELAWARE CORPORATION, A FRANCHISE TO CONSTRUCT, OPERATE AND MAINTAIN PIPELINES FOR THE TRANSPORTATION OF HYDROCARBON SUBSTANCES IN THE CITY OF TORRANCE.

WHEREAS, Four Corners Pipe Line Company, a Delaware corporation, having heretofore by application in writing, filed on the 26th day of June, 1957, applied to the City Council of the City of Torrance for a franchise and privilege hereinafter particularly described; and

WHEREAS, pursuant to Resolution No. 3271, the City Council did declare its intention to sell and award said franchise; and

WHEREAS, at a regular Council meeting held September 17, 1957, bids were opened for the sale of said franchise and said bid was awarded to Four Corners Pipe Line Company.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF TORRANCE does ordain as follows:

SECTION 1. Terms and Conditions of Franchise.

ARTICLE 1
NATURE OF FRANCHISE

There is hereby granted to Four Corners Pipe Line Company, a Delaware corporation, hereinafter referred to as "Grantee," for the term of twenty-five (25) years from and after date of this ordinance, subject, however, to all the limitations and restrictions herein contained, the right, privilege and franchise to construct, erect, maintain, operate, repair, renew, change the size of and remove pipe lines, not to exceed sixteen inches (16") in internal diameter, for the transportation of oil, petroleum, gas, gasoline or other hydrocarbon substances or water in, under, along and across the public streets, highways and alleys (hereinafter for convenience collectively referred to as "streets") in the City of Torrance, as follows:

Commencing on the easterly side of Crenshaw Boulevard approximately 216 feet northerly of the center line of Del Amo Boulevard; thence southerly along the easterly side of Crenshaw Boulevard crossing to a point on the westerly side of Crenshaw Boulevard approximately 160 feet north of 227th Street; thence southerly along the westerly side of Crenshaw Boulevard to Union Oil Lomita Tank Farm at Lomita Boulevard (approximately a distance of 2.9 miles).

Also, commencing on the west side of Western Avenue at the intersection of the A.T & S.F. right of way and Western Avenue approximately 182 feet north of the north line of 203rd Street; thence southerly on the westerly side of Western Avenue a distance of approximately 364 feet; thence easterly across Western Avenue approximately 74 feet to Torrance City Limits.

This franchise shall include the right, for the period and subject to the conditions hereof, to so maintain, operate, repair, renew and change the size of the pipeline system, if any, of Grantee, as already laid and constructed in said streets.

ARTICLE 2
APPURTENANCES

The Grantee shall have the right to construct and maintain such traps, manholes, conduits, valves, appliances, attachments and appurtenances (hereinafter for convenience collectively referred to as "appurtenances") as may be necessary or convenient for the proper maintenance and operation of the pipelines under said franchise, and said appurtenances shall be kept flush with the surface of the streets and so located as to conform to any order of the City Engineer of the City of Torrance (hereinafter referred to as the "City Engineer") in regard thereto and not to interfere with the use of the street for travel. The Grantee shall have the right subject to such ordinances rules or regulations as are now or may hereafter be in force, to make all necessary excavations in said highways, for the construction and repair of said pipe lines and appurtenances.

ARTICLE 3
LOCATION OF PIPELINES

So far as is practicable, said pipe lines shall be located along the curb or shoulder of the streets or in the parking areas adjacent thereto so as not unreasonably to disturb the flow of traffic and where possible shall be laid in the unpaved portion of the street. If the pipe lines shall be laid across or along the paved portion of a street, the repair of the street, after the pipe lines have been laid, may be made by the City at the expense of the Grantee, and upon the presentation of a bill therefor, the Grantee shall pay the same at once. The amount so chargeable to the Grantee shall be the actual cost of such repair plus fifteen percent (15%) thereof for overhead.

ARTICLE 4
CONSTRUCTION OF PIPELINES

A. Terms of Construction. The pipe lines and appurtenances constructed or maintained under the provisions of this franchise shall be constructed and maintained in a good, workmanlike manner and in conformity with all the ordinances, rules or regulations now or hereafter adopted or prescribed by the City Council. All pipes laid under said franchise shall be of first class material, and no pipe laid under this franchise shall exceed sixteen inches (16") in internal diameter.

B. Restoration of Streets. The work of constructing, maintaining or repairing all pipes, pipe lines and appurtenances shall be conducted with the least possible hindrance to the use of the streets for purposes of travel, and as soon as such work is completed, all portions of the streets which have been excavated or otherwise damaged thereby shall be placed in as good condition as they were before the commencement of such work, to the satisfaction of the City Engineer.

ARTICLE 5
COMMENCEMENT OF CONSTRUCTION

The Grantee, in good faith, shall commence the work of laying the pipe line and appurtenances within four months from the date of the passage of the ordinance granting this franchise, and if such pipe lines be not commenced within said time, this franchise shall be declared forfeited; provided, however, that if the Grantee is maintaining and operating an existing pipe line system over the route described in Article 1 herein, it shall be deemed to be in compliance with the foregoing. The Grantee shall not commence the construction of any pipe lines under the provision of this franchise or add to such existing pipe line system, if any there be, until it first shall have obtained a permit therefor from the City Engineer. The application of the Grantee shall show the following facts: the length and proposed location of the pipe line proposed to be laid or constructed, the size and description of the pipe intended to be used, and such other facts as the City Engineer may require. The Grantee shall pay any and all inspection fees of the City. Upon the completion of the construction of any pipe lines constructed pursuant to said franchise, the Grantee shall render a statement to the City Clerk of the City of Torrance (hereafter referred to as the "City Clerk"), showing in detail the permit or permits issued and the total length of pipe line, the construction of which was authorized under such permit or permits, and the total length of pipe line actually laid, and the Grantee shall accompany said report with payment to the City Clerk for the pipe lines which have been actually constructed under said franchise at the rate of One Dollar ($1.00) per rod.

ARTICLE 6
MAPS AND DATA TO BE FURNISHED

Within ninety (90) days following the date in which any pipe lines or additional pipe lines have been laid or constructed under this franchise, the Grantee shall file a map or maps in such form as may be required by the City Engineer showing the accurate location and size of all its facilities then in place, and shall, upon installation of any additional facilities, or upon removal, change, or abandonment of all or any portion thereof, file a revised map or maps showing the location and size of all such additional, removed or abandoned facilities as of that date. If cathodic protection is to be used for facilities installed or maintained pursuant to this franchise, a description of the protective devices shall be furnished to the City Engineer which shall show the location and type of anodes, including a description of methods to be used as a protection against corrosion and electrolytic leakage.

ARTICLE 7
COMPENSATION TO THE CITY

A. Amount of Fee. As consideration for the franchise hereby granted, the Grantee shall pay annually to the City in lawful money of the United States, within twenty (20) days after the end of each calendar year, a fee computed by first multiplying one-half a cent by the average internal diameter in inches of all pipe laid pursuant to this franchise or subject thereto and then by multiplying the product thereof by the length of the said pipe in feet.

B. Computation of Payments. Such payments shall be computed from the effective date of this ordinance, to and including the date of either actual removal of the facilities or the effective date of a properly approved abandonment "in place" authorized by the City, and until the Grantee shall have fully complied with all the provisions of this ordinance and of all other applicable provisions of law or ordinance relative to such abandonments. All such payments shall be made to the City Clerk and if made by check, shall be made payable to the City of Torrance. In the event of installation or abandonment of facilities with the approval of the City as elsewhere in this ordinance provided, or in the event of removal of such facilities by the Grantee, the payments otherwise due to the City for occupancy of the streets by such facilities shall be pro-rated for the calendar year in which such installation, removal or abandonment occurs as of the end of the calendar month in which installed, removed or abandoned:

PROVIDED, HOWEVER, that the amount of each annual payment shall be revised at the time of payment in accordance with the following formula:

If the "Wholesale (Primary Market) Price Index, All Commodities" prepared by the United States Bureau of Labor Statistics, Department of Labor, for the last calendar month ending more than ninety (90) days prior to the date on which payment to the City shall be due pursuant to this Article shall stand at 110 (using prices prevailing during the years 1947-49, inclusive, as a base of 100) then payment to the City shall be made at the rates hereinabove specified.

If the said index for said calendar month shall stand at other than 110 then the rate of payment to the City shall vary from said hereinabove rate in direct proportion as said index has increased or decreased from 110.

If the United States Department of Labor, Bureau of Labor Statistics, shall revise the said index, the parties hereto shall accept the method of such revision or conversion recommended by the said Bureau.

If the United States Department of Labor, Bureau of Labor Statistics, shall discontinue the preparation of a wholesale price index using prices prevailing in the years 1947-49, inclusive, as a base of 100, and if no transposition table prepared by the Bureau of Labor Statistics is available applicable to said years of 1947-49, inclusive, then the amount of each annual payment shall be computed as otherwise provided in this Article 7 and without reference to this proviso.

ARTICLE 8
EMERGENCY EQUIPMENT AND CREWS

At all times during the term of this franchise, the Grantee shall maintain on a twenty-four (24) hour a day basis adequate emergency equipment and a properly trained emergency crew within a radius of twenty-five (25) miles from any facilities installed or maintained pursuant hereto for the purpose of shutting off the pressure and the flow of contents of such facilities in the event of an emergency resulting from an earthquake, act of war, civil disturbance, flood or other cause.

ARTICLE 9
BREAKS OR LEAKS

If any portion of any street shall be damaged by reason of breaks or leaks in any pipe or conduit constructed under this franchise, the Grantee thereof shall, at its own expense, immediately following written or oral notification thereof, repair any such damaged portion of the street in as good condition as it was in before such break or leak, to the satisfaction of City Engineer.

ARTICLE 10
REARRANGEMENT OF FACILITIES

A. Expense of Grantee.

(1) If any of the Grantee's facilities shall endanger the public in the use of the public streets or interfere with, or obstruct the use of any street by the public or for public purposes, the City shall have the right to require the Grantee, at the Grantee's expense, to move, alter or relocate the same (hereinafter called "rearrangement") to avoid such danger, interference or obstruction, in conformity with the written notice of the City Engineer.

(2) Whenever, during the existence of this franchise, the City, in the exercise of its governmental authority, as distinguished from its private capacity, shall change the grade, width or location of any street, or improve any street in any manner, including the laying of any sewer, storm drain, conduits, gas, water or other pipes, or construct any pedestrian tunnels, or other work of the City, (the right to do all of which is specifically reserved to the City without any admission on its part that it would not otherwise have such right) and such work shall, in the opinion of the City Engineer, render necessary any change in the position or location of any facilities of the Grantee in the street, including the support thereof, while such work is being done or performed, the Grantee shall, at its own cost and expense, do any and all things to effect such change in position, or location, in conformity with the written notice of the City Engineer; provided, however, that the City shall not require the Grantee to remove its conduits or lines entirely from such street.

(3) In case the grantee shall fail to commence work in compliance with such written notice within thirty (30) days after service of same upon the Grantee, (unless the Grantee shall be unable to comply with such notice by reason of strikes, riots, acts of public enemies), the City Engineer may cause the work required in said notice to be done by the City or, at the election of the City, by a private contractor. The cost of such work shall be borne by the Grantee, and if the City shall pay the contractor, the Grantee shall pay to the City within ten (10) days after delivery of an itemized bill covering the cost of performing such work, an amount equal to fifteen percent (15%) thereof for overhead. If the Grantee is dissatisfied with any determination of the City Engineer permitted by this section, it may petition the City Manager to review the same within ten (10) days after such determination. The decision of the City Manager thereon shall be final and conclusive.

C. Rearrangement of the Facilities of Others.

Nothing in this franchise contained shall be construed to require the City to move, alter or relocate any of its facilities upon said streets, at its own expense, for the convenience, accommodation or necessity of any other public utility, person, firm or corporation, or to require the City, or any person, firm or corporation now or hereafter owning a public utility system of any type or nature, to move, alter or relocate any part of its system upon said streets for the convenience, accommodation or necessity of the Grantee.

D. Notice.

The Grantee shall be given not less than thirty (30) days' written notice of any rearrangement of facilities which the Grantee is required to make hereunder. Such notice shall specify in reasonable detail the work to be done by the Grantee and shall specify the time that such work is to be accomplished.

ARTICLE 11
REMOVAL OR ABANDONMENT OF FACILITIES

At the time of termination, revocation, or termination of this franchise or of the permanent discontinuance of the use of its facilities, or any portion thereof, the Grantee shall, within thirty (30) days thereafter, make a written application to the City Engineer, for authority either: (1) to abandon all, or a portion, of such facilities in place, or (2) to remove all, or a portion, of such facilities. Such application shall describe the facilities desired to be abandoned by reference to the map or maps required by Article 6 of this ordinance and shall also describe with reasonable accuracy the relative physical condition of such facilities. Thereupon, the City Engineer shall determine whether any abandonment or removal herein hereinbefore proposed may be effected without detriment to the public interest or under what conditions such proposed abandonment or removal may be safely effected and shall then notify the Grantee, according to such requirements as shall be specified in the City Engineer's order, and within ninety (90) days thereafter, to either:

(a) Remove all, or a portion of such facilities, or

(b) Abandon in place all, or a portion, of such facilities.

If any facilities to be abandoned in place subject to prescribed conditions shall not be abandoned in accordance with all such conditions, then the City Engineer may make additional appropriate orders, including, if he deems desirable, an order that the Grantee shall remove all such facilities in accordance with applicable requirements. In the event the Grantee shall fail to remove any facilities which it is obligated to remove in accordance with such applicable requirements within such time as may be prescribed by the City Engineer, then the City may remove such facilities at the Grantee's expense and the Grantee shall pay to the City the actual cost thereof to the City plus fifteen per cent (15%) for overhead.

ARTICLE 12
COMPLETION OF WORK

When ever the Grantee fails to complete any work required of the Grantee by the terms of this franchise within the time limits required hereby, the City may cause such work to be completed by the City or, at the election of the City, by a private contractor. The Grantee agrees to pay to the City within ten (10) days after delivery of an itemized bill covering the cost of performing such work, an amount equal to fifteen per cent (15%) thereof for overhead. If the Grantee is dissatisfied with the determination of said amount, it may petition the City Manager to review the same within ten (10) days after such determination. The decision of the City Manager shall be final and conclusive.

ARTICLE 13
BOND

This franchise is granted on the condition that the Grantee has now and shall at all times during the life of this franchise keep on file with the City a bond running to the City in the sume of One Thousand Dollars ($1,000.00) executed by a reputable indemnity company entitled to do business in the State of California. The said bond shall contain the conditions that the Grantee shall well and truly observe, fulfill and perform each and every term and condition of this franchise, and that in case of any breach of condition of said bond the whole amount of the sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and from the sureties upon said bond. The provisions of this Article 13 shall not exempt the Grantee from compliance with any of the laws of the City in force during the term hereof which require the Grantee to post a bond other than the bond required by this Article 13.

ARTICLE 14
INSURANCE

The Grantee, if it has not already done so, shall procure and keep in effect throughout the term of this franchise a policy or policies of liability insurance from an insurance company authorized to do business in California, in an amount not less than $100,000 for any person and $300,000 for any accident and $25,000 for property damage. Said policy or policies shall name the City, its agents and employees as persons co-insured with the Grantee. A certificate of such insurance shall be filed in the Office of the City Clerk of the City of Torrance at the request of the City Clerk.

ARTICLE 15
IDEMNIFICATION BY GRANTEE

The Grantee, by the acceptance of use of the franchise hereby granted, agrees to keep and hold the City harmless the City, its officers, agents, and/or employees against any bill therefor to it, or its local agent or manager. The cost of doing said work shall be considered the actual cost, plus fifteen per cent (15%) thereof for overhead. If the Grantee is dissatisfied with any determination of the City Engineer permitted by this Section, it may petition the City Manager to review the same within ten (10) days after such determination. During the pendency of such petition, the work so required to be done shall be suspended. The decision of the City Manager thereon shall be final and conclusive.

B. Expense of Others.

(1) The City shall have the right to require the Grantee to rearrange any part of the Grantee's facilities for the accommodation of the City or of any person, firm or corporation when such rearrangement is done for the accommodation of any water, electric, gas or other utility system now or hereafter owned or operated by the City. Such rearrangement shall be at the City's expense.

(2) When such rearrangement is done for the accommodation of any person, firm or corporation other than one of said utility system owned or operated by the City, the cost of such rearrangement shall be borne by the accommodated party. Such accommodated party, in advance of such rearrangement, shall deposit with the Grantee or the City Clerk a corporate surety bond in an amount sufficient, in the reasonable discretion of the City Engineer, shall be required to pay the costs of such rearrangement and such accommodated party shall execute an instrument agreeing to indemnify and hold harmless the Grantee from any and all damages or claims caused by such rearrangement.

(3) The rearrangements referred to in subsections (1) and (2) of Section B of this Article 10 shall be accomplished in conformity with the written notice of the City Engineer. In case the Grantee shall fail to commence work in compliance with such written notice within thirty (30) days after service of same upon the Grantee (unless the Grantee shall be unable to comply with such notice by reason of strikes, riots, acts of God, or acts of public enemies), the City Engineer may cause the work required in said notice to be done by the City or, at the election of the City, by a private contractor. The Grantee agrees to pay to the City within ten (10) days after delivery of an itemized bill covering the cost of performing such work, an amount equal to fifteen per cent (15%) thereof for overhead. If the Grantee is dissatisfied with the determination of said amount, it may petition the City Manager to review the same within ten (10) days after such determination. The decision of the City Manager shall be final and conclusive.

ARTICLE 16
ASSIGNMENT

The Grantee shall not sell, lease, or assign this franchise or the rights or privileges granted hereby, or any of them, without the consent of the City Council and shall file with the City Clerk; and nothing in this franchise contained shall be construed to grant to the Grantee the right to sell, lease, or assign this franchise, or any of the rights or privileges hereby granted, except in the manner aforesaid.

ARTICLE 17
FORFEITURE

In the event the Grantee shall default in the performance of any of the terms, covenants or conditions herein, the City may give a written notice to the Grantee of such breach or default. In the event that such breach or default is not cured within thirty (30) days after said notice, the City may declare this franchise forfeited, and may exclude the Grantee from further use of the streets of the City under this franchise, and the Grantee shall thereupon surrender all rights in and to this franchise, and it shall be deemed and shall remain null, void and of no effect. No provision hereinbefore made for the purpose of securing the enforcement of the terms and conditions of this franchise shall be deemed an exclusive remedy, or to afford the exclusive procedure, for the enforcement of said terms and conditions, but the remedies and procedure herein outlined or provided, including termination of the franchise, shall be deemed to be cumulative.

ARTICLE 18
SUPERSEDURE

This franchise shall be in lieu of any like franchise, if any, heretofore granted by the City to the Grantee and such other franchise, if any, shall be deemed to be and shall be repealed as of the date upon which the grant of this franchise is effective as to a grantee under such other franchise, and the rights, liabilities and obligations of such grantee under such other franchise shall thereupon cease and terminate. Should the foregoing be applicable to the grant of this franchise, the Grantee shall pay to the City such sum as amounts accrued up to the effective date of this franchise under such other franchise as shall be shown by statement of such amount in the form required by such other franchise filed not later than ninety (90) days after this ordinance becomes effective. Payment of such amounts shall be made with the filing of such statement.

ARTICLE 19
SCOPE OF RESERVATION

Nothing herein contained shall ever be construed so as to exempt the Grantee from compliance with all ordinances of the City now in effect or which may be hereafter adopted which are not inconsistent with the terms of this franchise. The enumeration herein of specific rights reserved shall not be construed as exclusive, or as limiting the general reservation herein made, or as limiting such rights as the City may now or hereafter have in law.

ARTICLE 20

Any notice required to be given under the terms of this franchise, the manner of service of which is not specifically provided for, may be served as follows:

Upon the City, by serving the City Manager, or the City Clerk personally, or by addressing a written notice to the City Clerk of the City of Torrance, City Hall, 3031 Torrance Boulevard, Torrance, California, and depositing such notice in the United States mail, postage prepaid.

Upon the Grantee by addressing a written notice to Grantee, addressed to Four Corners Pipe Line Company, 1052 West Sixth Street, Room 301, Los Angeles 17, California (or such other address as may from time to time be furnished in writing by one party to the other) and depositing said notice in the United States mail, postage prepaid).

When the service of any such notice is made by mail, the date of such notice shall begin with and run from the date of the deposit of same in the United States mail.

ARTICLE 21
SUCCESSORS

The terms herein shall inure to the benefit of or shall bind, as the case may be, the successors and assigns of the parties hereto, subject, however, to the provisions of Article 16.

ARTICLE 22
RESTRICTION ON SERVICE

The Grantee shall not use any of the lines laid pursuant to the provisions of this franchise for the purpose of acting as a public utility in order to distribute oil, gas and other hydrocarbons or any thereof, in the City of Torrance, it being understood that the purpose of Grantee's use of this franchise is to transport, by use of said pipe lines, oil, gas and other hydrocarbons or any thereof, to refineries, tank farms, bulk depots, and other facilities of gas, oil and other hydrocarbons or any thereof, within the City of Torrance and elsewhere in the County of Los Angeles.

ARTICLE 23
ACCEPTANCE OF FRANCHISE

This franchise is granted and shall be held and enjoyed only upon the terms and conditions herein contained, and the grantee must, within thirty (30) days after the passage of the ordinance granting said franchise, file with the City Clerk of the City of Torrance a written acceptance of such terms and conditions.

ARTICLE 24
FRANCHISE TO BE STRICTLY CONSTRUED AGAINST GRANTEE

This franchise is granted upon each and every condition herein contained and shall ever be strictly construed against Grantee. Nothing shall pass hereby unless it be granted in plain and unambiguous terms. Each of said conditions is a material and essential condition to the granting of this franchise.

SECTION 2.

This ordinance shall take effect thirty days after the date of its adoption, and prior to the expiration of fifteen days from the passage thereof shall be published at least once in the Torrance Herald, a semi-weekly newspaper of general circulation, published and circulated in the City of Torrance.

Introduced and approved this 8th day of October, 1957.

Adopted and passed this 15th day of October, 1957.

ALBERT ISEN,
Mayor of the City
of Torrance.

ATTEST:
A. H. BARTLETT,
City Clerk of the City of Torrance.

STATE OF CALIFORNIA)
COUNTY OF LOS ANGELES) ss

SALES OUR HARDEST JOB SALES
is to get men interested enough to investigate this unusual opportunity so they can find out it is true.
There is no deception in this ad whatever—it only takes a phone call to get the details.
This multimillion-dollar accident & health corporation which recently changed hands is for the first time giving its own company financed & managed offices—nation wide.
We must have experienced managers or men of integrity who are willing to work & learn how to become a manager in a very short time—as we have to open these offices as fast as humanly possible with unlimited financing for this purpose.
Our full time men average between $500 & $1000 per month calling on definite appointments given to them daily at company expense.
Men who meet our standards will start on salary & over ride.
IT WOULD BE A SHAME TO PASS UP THIS OPPORTUNITY WITHOUT AT LEAST GETTING THE DETAILS.
FOR DETAILS & POSSIBLE INTERVIEW — PHONE PERSONNEL MANAGER AT:
