Cancer Crusade

Editor, Torrance Herald:

May I take this opportunity to offer you and the members of your staff a hearty "thank you" for your splendid help during the sourse of the April Cancer Crusade.

It now appears that the Los Angeles County Branch of the American Cancer Society will achieve both of its goals—reaching practically every citizen in the county with life-saving facts about cancer, and raising $985,972 to continue year-round research, education and service.

We know that such goals would have been impossible without the cooperation and help you gave us. Both the Los Angeles County Branch of the Society and the citizens of the community serviced by your paper owe you a debt of gratitude.

Dog Poisoned

I am one of many persons owning a pet. We raised our dog from birth and she turned out to be a fine animal. This dog was also raised to take care of our two-year-old son who is now four.

Our dog has never bitten anyone nor has she done any harm. She was not only a pet and companion for my son, but a watch dog for my wife who used to be alone at night.

This dog was given some poison by someone in our neighborhood. She died on Mother's Day. I am sure this letter will give the person who would do such a cruel thing something to think about. We took our dog to a vet in San Pedro where we found out she was poisoned.

I can only say that the person who did this will answer to God.
