# Is Your Business Easily Reached by Telephone?

Your customers, or those who would like to be your customers, may find it hard to get your store or office by telephone. "Line's busy" may be the answer they get more often than you realize.

Perhaps you need additional main lines, a private exchange switchboard, or a larger switchboard to properly care for incoming telephone calls.

It pays to keep the "Telephone Doorway" open to customers!

We will gladly make a study of your telephone problems. May we render you this service?
