

LOMITA NEWS

Mrs. Hattie Rosencrantz of the Redondo Blvd. is able to be up again after an illness of two weeks with the "flu."

Mrs. Herman of Wilmington was a guest Tuesday of Mrs. Joe Morris of Brethren street.

Mr. and Mrs. F. Smith and daughter, Burnice, of San Pedro, were Sunday dinner guests of Mrs. Ella Tardy of Eshleman avenue.

Mr. and Mrs. F. L. Woodard of Brea were Lomita visitors Wednesday.

Mrs. John Woods was a guest Wednesday of Mrs. John Smith of Flagstaff, Arizona, who is now at Redondo Beach.

Mr. and Mrs. M. Staleup of Redding, Iowa, now residing in Re-in Cuba for the past three years.

W. G. Bell, painter and decorator, has the contract for painting Dr. N. A. Leake's new home in Marcellina avenue, Torrance.

Mrs. Geo. Hanson of Los Angeles is visiting at the home of Mr. and Mrs. J. A. Smith. Mrs. Hanson was formerly Miss Alice Drails of Lomita.

C. F. Farquhar, who has the contract for improving the J. A. Smith subdivision, is at present confined to his home in Harbor City with influenza. He has been under the care of a physician since last Friday, February 24.

"Grapes of Gold"—Lomita Auditorium Saturday night.

dondo Beach, were guests Friday of Mrs. Ella Tardy of Eshleman avenue.

A snappy ball game was held Friday evening between the boys of Miss Laura Thomas' Sunday school class of St. Andrew's church, San Pedro, and the Lomita C. E. young folks.

Miss Marquito Salvason of Fullerton, formerly of Beacon street, Lomita, is suffering from a nervous breakdown. She has been confined to her bed for two weeks.

Walter Tappin, Jr., is confined to his home on North Narbonne avenue with influenza.

Born—To Mr. and Mrs. Chas. Sidebotham of South Oak street, Lomita, a 9 1/2 pounds boy, John James, Friday, February 24, at the Seaside Hospital, Long Beach.

Joe Pickering arrived home on Saturday and will remain with his father, J. H. Pickering, of Brethren street, for some time. He has been engaged in the oil business

SUNFLOWERS AND SHRUBBERY

Sunflowers have not received the attention they deserve. The tall-growing, large-flowered sorts, as well as the dwarf many-flowered varieties, are useful when skillfully employed in mixed plantations with other herbaceous annuals. The golden yellow disks are like sunbursts among the shrubbery. The tall habit and dense foliage of some varieties make them suitable for backgrounds and screens. Because of their long stems and extraordinary lasting qualities they are value as cut flowers.

PLANTS REQUIRE MOISTURE

Plants take in moisture through their small feeding rootlets and discharge it through the surface of their leaves. As a result of the breaking of the roots in transplanting, the supply of moisture is cut off and the plants wilt. To prevent the wilting of the leaves, says the United States Department of Agriculture, water should be poured around the roots before the dirt is filled in; also the tops of the plants should be shaded and protected from the wind for a day or two to reduce the evaporation from the leaves.
