### DOINGS OF THE C. E.

The post office meeting on Sunday evening proved very novel and interesting. Miss Lydia Smith, in charge, distributed letters from missionaries to each member of the society. These told the ways and customs of the people of the Orient in a most realistic fashion and brought the work of missions before the young people, with a strong personal appeal. Next Sunday at 6:30, Miss Wallace Richey will lead the meeting. She promises something new also.

Seven C. E. members went to Long Beach on Friday evening to the pre-convention rally held in the Calvary Presbyterian Church. After a delicious supper had been served by the ladies, the toast master, Rev. Stewart P. Mac Lennan of San Pedro, presented the C. E. county officers. In a witty fashion they told of the great time in store for all who would attend the Los Angeles County C. E. convention at Whittier on March 18th to 20th. Remembering the delightful trip to Fresno last summer, the Lomita delegates returned from Long Beach with the earnest hope that a great number might enjoy the blessings of this convention. The society therefore agreed that Lomita should enter the competition of societies for a banner to be given for the society having the largest percentage of members at Whittier.

Boyd Dennis, son of Mr. and Mrs. Roy Dennis of Narbonne avenue, has gone to Glendale to stay with his grand parents and resume his high school studies again.

### LOMITA CHURCH NOTES

"Love in Four Dimensions" was the topic of the morning sermon from the text: "For God so loved the world that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life."

These words in large letters are posted on a bill board on Ninth street in the city of Los Angeles. They are worthy of public notice for they declare the gospel message in the words of the savior of the world. The words are so simple that even a child may repeat them, and in part understand them. But no human mind can grasp them in their full meaning, therefore the Apostle Paul writing to the Ephesians says: "Able to comprehend with all saints, what is the breadth and length and depth and height, and to know the love of Christ, which passeth knowledge." It is fortunate for us that God's approach to us is not through the mind but by the heart. We are led to believe where we cannot see, and trust where we cannot know.

At the close of the service the Lord's Supper was observed.

"Broken Cisterns" was the evening subject using the text: "For my people have committed two evils; they have forsaken me, the fountain of living waters, and hewed them out cisterns, broken cisterns that can hold no water."

Religion is the fountain of living waters, and all substitutes for it may be likened to broken cisterns which can hold no water. It was shown that material things—such as money, property, pleasure, and success can not fill or satisfy the soul. Railroads, steel mills, and

banks do not constitute the real strength of a community. The virtue and integrity of the people guarantee its welfare, and success. Roger W. Babson, the eminent financier has said: "Statistics teach that we have during the past half century been so keen about buildings, factories and railroads that we have forgotten from whence all these things came. We need to remember that from whence all these things came. We need to remember that American civilization owes its existence to the white steepled churches of New England. These structures and the simple praying people who iried them, prepared the foundation upon which all the great industrial and commercial structures rest."

A Hymn Praise Service will be held Sunday evening, January 30th.

### REAL ESTATE VALUES

There is no question in the mind of real estate experts that owing to the continued and rapid increase in population throughout Southern California, values of real estate are bound to increase at a rate commensurate to the rate of population gains.

### EVANGELISTIC MEETINGS AT THE LOMITA CHURCH

Rev. Arthur O. Dowe, an evangelist of the Presbyterian Church, will begin a series of meetings in the Lomita Church, Tuesday, February 8, and continuing through Sunday February 20th. Mr. Dowe comes highly recommended by the Church Extension Board of Los Angeles, and by the churches where he has held meetings plan to attend these special services.

### LIFE SAVERS' CLUB

The meeting night of the Life Savers' club was changed from Thursday to Monday, so that its members would not have to have a conflict between that meeting and the one of the L. A. C.

After the business meeting was over, Mr. Clark donated a new game to the members, who enjoyed it very much. Later refreshments were served, and the meeting adjourned.

Mrs. V. Marsh of Sun street, has gone to Gardena on a nursing case for Dr. Leake.

### LONG BEACH EXPOSITION

All Southern California is on the qui vive on account of the wave of interest and enthusiasm, that has been gradually sweeping through this part of the country, since it

became known that a genuine industrial exposition was to be held in Long Beach. The date of opening is January 31st and the place is the commodious Long Beach municipal auditorium. The show will last one week, ending on the 27th of February. An army of decorators have the interior in charge and the array of booths as lined up, will have as a background, one of the most artistic settings which the municipal auditorium has ever known.

# Tires and Vulcanizing That's Our Business

Our Years of Knowledge and the close application and practical experience we have had in the tire and vulcanizing game, places us in a position to offer the public a service that is hard to secure in most concerns. We have made a thorough study of the tire business from its first development having not only spent much time in the tire and vulcanizing business—but have had years of experience in the manufacturing and factory end of tire construction. We have taken advantage of this experience and are giving the public the benefit of the same.

We guarantee every tire and piece of vulcanizing work that leaves our shop which to the motorist or truck owner is a real service and satisfaction. In the selection of the line of tires we are offering the public we have been very careful and we feel frank to state that there is not a better line of tires manufactured than those of the

Horse Shoe, Goodyear, Kelley-Springfield Racine, Kelley-Springfield Solid Truck Tires

ALL OF WHICH WE MAKE A SPECIALTY OF.

If It Is Any Thing Connected With Tires Or Tubes, See The
