The guests were as follows: Francis Anderson, Kathryn Wheaton, Bubble Iris, Mary Alice Davis, Lorie Stron, Nel He Middleton, Geraldine Miller, Carl Burmaster, Ruth Batch, Gertrude Anderson, Eddie Anderson, Jack Reeve, Helen Reeve, Richard McGuire, Clarence Mills, Paul Zuber, Lois Zuber, Forest McKinley, Haze Clark, Harwood Clark, Earl Bacon, Anthony Jesson and Francis Gilbert.

PICNIC IN FISH CANYON

A very jolly crowd of high school students chaperoned by Mr. and Mrs. Barnett and several of the teachers left Torrance at 5:00 a. m. last Saturday morning. They reached Fish Canyon about 8:30 where a generous breakfast of bacon and eggs and coffee was enjoyed. The middle of the day was devoted to a hike to the falls. Quite a number of boys and girls indulged in a swim in the plunge after the hike. A ball game after the picnic supper finished the day's sport, and even the long ride home helped to make the day's pleasure complete.

The Young People's Alliance of Central Church held their regular monthly business and social meeting at the parsonage Tuesday evening. The purchasing of hymnals for the church was definitely decided on and a committee was appointed to see that the books were ordered and properly cared for when received.

A picnic was discussed and a committee was appointed to complete arrangements for an outing at Orange County Park Saturday, June 25. All members of the society are especially urged to arrange to go. Transportation will be by bus, and the cost will be about one dollar for the round trip. Members who can go, please notify any member of the following committee at once: Mr. C. J. Rahm, Mr. V. L. Zuber, Mrs. H. M. Haynes and Mrs. P. G. Briney.

LEGION LAUNCHES DRIVE FOR FUNDS

At the last meeting of the local post of the American Legion several plans for the proposed club house and dancing pavilion were submitted for the inspection and disposition of the post as a body. The contractors' bids accompanying the plans were considerably higher than the members had estimated, and it was soon learned that the money in the treasury would cover less than half the cost of the proposed structure.

It was proposed to go ahead and spend the money on hand and get the building started and completing it at a later date when funds were replenished.

A lengthy discussion ensued, and it was finally brought out that the people of Torrance did not desire to see their local post housed in incomplete and unfinished quarters. Neither was it thought the people of Torrance desired anything but a substantial and lasting tribute to its friends and heroes who fought and died so nobly in the service of this great free country of ours.

The merchants of Torrance have come forth in a body and have subscribed liberal sums toward the erection of a memorial under the auspices of the American Legion. A great number of patriotic and public-spirited citizens of our fair city have offered substantial sums to assist the Legion in its efforts to erect a suitable place for meetings and amusements. At first these pledges were refused, as no member had authority to accept them, and as it was understood the money in the Legion treasury was sufficient to erect the building planned.

As stated before in these columns, Torrance is in need of a building of the kind planned by the Legion. This building will benefit every man, woman and child in the city of Torrance and vicinity. It will benefit every organization, either civic or fraternal, in that it will give them a suitable and desirable place in which to hold their meetings and conferences.

The Legion members do not believe that the people of Torrance want anything but a desirable structure, one pleasing in appearance, one that is an addition to the city, that adds to the attractiveness and beauty, one that every resident can point to with pride, and know in his heart that it is a fitting memorial.

A structure of this character costs money, and to raise the sum necessary it has been decided to solicit every resident of Torrance and ask him or her to pledge whatever amount he can afford. The plan worked out is as follows:

Each donor will pledge the sum he desires, payable in two equal installments, or in one, as he desires, the first to be made in the month of June and the second and last to be paid not later than July 18, 1921.

Actual construction will begin as soon as funds are available, and the pavilion will be rushed to completion. It will be interesting to note that the majority of the members of the post have pledged not less than ten dollars—many much more—toward the building fund and when one stops to consider what these boys have done and are doing, "it is but to admire," as the French would say, at the way they are putting their heart into everything they attempt.

It has been estimated that the proposed building will cost in the neighborhood of \$4,000, and as soon as plans and specifications are complete, together with competitive bids, we will endeavor to publish same.

Every resident of Torrance, Lomita and surrounding suburbs is urged to get behind our boys and help them to go over the top in this drive as they helped them go over the top in the fields of France.

GIVE TO LEGION FUND

An appeal for support to the American Legion Fund for the new building in Torrance seems almost out of place, after all that has been written and published in the "Enterprise." The response should be spontaneous, and to a degree has been, but more money is needed. The name "American Legion" spells Americanism, pure and unadulterated; it stands for order and protection; it represents an assemblage of the finest of American manhood; it stands for unselfishness, and with an active body of young men in Torrance whose object is for betterment of your city, its growth and clean amusements, with the ultimate object at provide a building that will be used for all sorts of gatherings, such an enterprise should receive the support of 100 per cent of the citizenship. What Torrance needs, more than all else is amusement. Hundreds are complaining of lack of recreation in the town and are forced to go to Los Angeles and the beach resorts for the things their home city cannot give. In a great measure the American Legion will solve the entertainment problem when their new building is completed. It will at least offer a place for basket ball games, wrestling matches, dancing, moving pictures, lounging and reading rooms for its members, bowling alleys and a gymnasium. Conventions that give Torrance the "go-by" may be attracted here, and hundreds of other recreative amusements that are not even contemplated at present will thrust themselves to the front and seek a place to hold their meetings. Do your bit. Get behind the boys and give to their fund. Give it until it hurts, and give with a spirit that will put the whole proposition on its feet, carrying an inspiration that will never let the good work die.

P. T. A. MEETING

The Torrance P. T. A. met on Tuesday afternoon at the school. The regular business meeting was held, followed by installation of officers for next year. A committee was appointed to have a fancy work booth at the coming Fiesta, articles to be donated by members and others who care to help. They will sell at various prices ranging from 5c to \$1. Any donation can be left at Tolson's Transfer office on Cabrillo avenue. The committee for this booth will meet next Wednesday, June 22, at Mrs. F. Clark's, 1131 Andree avenue, to perfect plans.

On Tuesday the teacher of Torrance school gave a surprise luncheon for Miss Engle, fifth grade teacher, at which time she was presented with a cut glass dish. Miss Engle is to be married in the summer and this affair was in honor of the coming event.

This is the way to make every buy a Bargain

BUY advertised goods. Only Good goods, fairly priced, can stand the spotlight of publicity.

A merchant or manufacturer would not dare to advertise merchandise that is poor in quality, poor in make, or that will not give reasonable wear. The penalty of such tactics is too heavy. No goods—and no business concern—can thrive under the weight of public condemnation.

A merchant places the whole reputation of his business at stake every time he advertises. Naturally enough, he is careful of what he says and when his statement is placed in the newspaper—where everyone in town may read—so that any untruth in it will be known to all of his employes and most of his friends—then you may be sure he is doubly careful.

When you buy advertised goods you get a bargain, because they must be as advertised. So it pays you to read advertisements. Advertising protects you.
