TORRANCE NEWS ITEMS

John Clemer, brother-in-law of William Gascoyne, has moved here from Pomona and taken the Morford house on Gramercy avenue.

Mr. and Mrs. Crone, father and mother of Mrs. Morford, have gone to Portland, where they will make their home with their daughter, Mrs. Parker.

Linus Adams left Monday night for Huntington Lake, where he will work for the Edison Co. during the summer.

The Glass Workers may be interested to learn that there has been no copy of The National printed since April on account of the printers' strike.

Mrs. W. K. Earl gave a shower at her home in Ocean Park for Miss Marjorie Cheuning, who is the bride-to-be of Mrs. Earl's brother, Frank Steinhilber, of Torrance. The guests were from Los Angeles, Torrance and Ocean Park. The house was beautifully decorated in pink and the color scheme was carried out in the dainty refreshments which were served by the hostess.

"Hardware" Reeve—Fireworks.

Mrs. Nettie Steinhilber gave a miscellaneous shower Monday evening for Miss Irma Morford, who is soon to become the bride of Mr. Robert Wood. Fourteen of her girl friends were present and played guessing games and hemmed tea towels. The one who did the best hemming received a prize. Refreshments were served and the guests departed.

On next Tuesday, June 28, the Women's Benefit Association will hold a rally in Los Angeles. The great commander of this coast, Mrs. M. M. Aylotte, will be present. Class initiation work will be put on from the new ritual. A class of fifteen or twenty will go from Torrance.

Mr. and Mrs. J. V. Murray entertained at dinner Mr. and Mrs. Nolan and family of Los Angeles and Mr. and Mrs. Wilson of Hollywood. In the afternoon other Torrance friends came in and the time was passed very delightfully.

FROM BISBEE

Ed. Parr, father of G. D. Parr, jeweler, returned to Torrance on Saturday from Bisbee, Arizona, where he has been for the past two months as selling agent for the Hammerton Tract. Mr. Parr sold many lots in Arizona, and states that conditions in the Copper State are improving. The Phelps-Dodge Syndicate, owners of the largest copper mines in the world, recently closed an order for the largest single contract for copper ever signed in the world. They are at present working on a 10,000,000 ton contract to be delivered to an Eastern corporation. Mr. Parr will return to Arizona the fore part of next week.

TO PASO ROBLES

Mr. and Mrs. J. C. Vaughn, who for three years has been manager of the Torrance warehouse, moved this week to Paso Robles to live on a large ranch. Mr. Vaughn has made many friends in Torrance through his business dealings, and they regret to see the family leave this city. Their son, Clark, will live with his aunt and attend school in Long Beach.

LET US HOPE CARPENTIER WINS

On July second an American and a Frenchman will meet in a fistic battle to determine which one of them shall be the champion fighter of the world—whether the title remains on the Western Continent or goes to France. The American did not get into the service during the late war, although within the range of ages where thousands went willingly to fight for their country, and other thousands went anyway. He did not go, and later had to face a court of inquiry. It appears to a great many of us that the best place for a fighter, and especially our best fighters, was across the water at that time.

Carpentier, the Frenchman, was in the thick of it during the time when his country's life was at stake, and he became the idol of the camps. He did his fighting when and where it accomplished the most good for his country—either in the air or on land.

It seems that the general opinion of the outcome of the fight next July 2 is that the Frenchman will meet with a decisive defeat at the hands of Jack Dempsey, but if a kind providence should happen to allow him to knock the American for a row of goals it will put joy into the hearts of many thousands of good American citizens.

FIRST BAPTIST CHURCH OF TORRANCE

During the summer months an endeavor will be made to confine the length of the Sunday services to one hour. The morning service commences at eleven and concludes at twelve o'clock, and the evening service commences at seven-thirty and concludes at eight-thirty o'clock. Two solos were rendered by Mr. Chas. McCullum, and were greatly appreciated.

"The Christian Athlete"
This will be the third of a series of sermons based on the second chapter of Second Timothy. These morning services are designed to help Christians and inculcate in them a spirit of worship and praise.

"The World's Saturday Night"
The subject will be illustrated with a chart. This is a message of peculiar interest to both Christian and un-saved at the present hour, and will be given at the evening service. The time is 7:30. Some of your questions concerning modern industrial and social questions will be answered.

"No Reduction in Wages"
"For the wages of sin is death; but the gift of God's eternal life through Jesus Christ our Lord."
Rom. 6:23.
Rev. Stanley H. Thorpe, Pastor.

CENTRAL EVANGELICAL CHURCH

Rev. Otto Spreng, Pastor.
Sunday, June 26:
9:30 a. m., Sunday school. A class and welcome for you.
10:45 a. m., morning worship and sermon.
7:30 p. m., evening service and sermon.
Wednesday, 7:45 p. m., choir rehearsal. Mrs. P. G. Briney, director.
Thursday, 7:30 p. m., prayer service. Robt. Spencer, class leader.

WILL BECOME RESIDENT OF LOMITA AND CONDUCT ELECTRICAL AND HARDWARE STORES

For many months C. A. Paxman, proprietor of the Torrance Electrical Shop and Industrial Hardware Store in Torrance, has contemplated opening a store in Lomita, and several days ago announced that he had leased a store and on July first would open his second store in the Schmidt Block. The Lomita store will be conducted in conjunction with his Torrance Hardware and Electrical Shop, and while Mr. and Mrs. Paxman are to live in Lomita, much of his time will be divided between here and Torrance. Recently a four-room bungalow was built on his Cypress street property at a cost of \$2200, preparatory to the fulfillment of his plans for a second store, and also to provide a home for his mother, who has been making her home in Torrance for the past nine months.

The rapid growth of Lomita and the increased patronage from this section is responsible for the additional store, besides it will increase the buying power of the practically new concern since hardware has been added to the electrical supplies.

An opportune time was made by Paxman in selecting July 1 as the opening date, as it comes at the dawn of much activity in this section. Three new subdivisions will soon be on the market, which means in the neighborhood of 100 new homes to be built within the next six months.

TORRANCE MERCHANTS COP ANOTHER

The Torrance Merchants baseball team defeated the Los Angeles White Sox colored team last Sunday on the local diamond, the final score standing at 9 to 0. The White Sox were outclassed from the start to finish, Barnett allowing them only three widely scattered hits. Torrance played its usual steady game, with its usual number of hits, errors and runs.

There were several new faces in the Torrance line-up, and the fans were wondering from where they come. No one can accuse the writer of not being a loyal Torrance booster and an ardent baseball fan, but he is forced to state that he cannot see where the Torrance Merchants baseball club is representative of Torrance. In last Sunday's game there wasn't a local man in the line-up. A bunch of baseball players, playing under the name of Torrance and wearing the Torrance Merchants uniform, may be good advertising for the town outside the town, but we have noticed the local crowds are dwindling and the offering is becoming smaller and smaller. From our experience we have noted that small-town baseball enthusiasts are not much interested in watching outside play perform on their side.

Of course, we understand the fact that professional baseball teams are made up of the best players from everywhere, but a small-town team is not professional. The Torrance team is not even semi-professional, as it receives no monetary compensation whatever.

We are not trying to create the impression that we want to throw cold water on the efforts of the people behind our baseball team, so-called, but we think their efforts are misdirected, in that their baseball team is not composed, for the most part, of local talent. It may be true that there is not enough baseball players in Torrance to make a team. It may be that Torrance is in a league 'way out of its class. It may be any one of a number of things. But the hat, when passed around at the games, remains comparatively empty and the crowds continue to dwindle.

We appreciate the efforts of those who are handling the affairs of the Torrance baseball club and think they have worked hard to make the team a success, but instead of building up a Torrance team they have built up an outside team, eliminating every local player, until now there is hardly a fan in Torrance who can name the majority of the players. Few, if any, knew all the players in the last game, and few, if any, will know all the players in next Sunday's line-up.

Next Sunday, June 26th, San Gabriel will play the Torrance Merchants on the local diamond.
