Close Call! Every motorist recalls with shivers the last time he nearly had a serious accident. Suppose it had been a head-on collision, or the car had gone over the embankment! Accidents are possible. Were you prepared to meet your God—are you ready now? Churches do not try to scare people into accepting Christianity. Many a man thoughtlessly says he will begin to attend church next month. We invite you to come this Sunday. Behold, now is the accepted time; behold, now is the day of salvation.

LOMITA CHURCH NOTES. "Paul's Vision" was the subject of the morning sermon, based upon the text: "And a vision appeared to Paul in the night. There was a man of Macedonia, standing, beseeching him and saying: 'Come over into Macedonia and help us.'" Paul was profoundly impressed with the vision and interpreted it as a Divine call to cross the sea to Europe. So he and his companions went over to Macedonia and Europe heard the Gospel for the first time from the lips of Paul. Other places and peoples have appealed to Christian workers since the Apostle's day. There is a man, or woman, or child, in every needy field of humanity beseeching us with the cry, "Come over and help us." The call is all the louder because there are few workers. The number of men graduating from our theological seminaries has been reduced one-half during the past four years. There are five thousand churches now without pastors, and there will be more next year, because the ministers are not available. "The harvest truly is plenteous, but the laborers are few." The new church building for which we are praying and working will not only afford us increased facilities for doing the Christian work of this community, but will also impose a larger service upon us. We shall need more workers if we are adequately to measure up to the situation. "Come and help us." In the evening the pastor spoke from the text: "Let each one of us please his neighbor for that which is good unto edifying." Edify means to build up. The Apostle means that we should build up the faith, the hope, the Christian character of our neighbor. Various ways to do this will suggest themselves as we try to live up to the New Testament teaching of Christ concerning our neighbor. Extra music was heard at both services. In the morning the Junior Choir, under the direction of Mrs. E. E. Miller, sang a children's hymn. In the evening Mr. Clarence Goodrich of the University of California, was heard with much interest in two solos, "The Holy City" and "Face to Face." Mr. Clarence Goodrich is a brother of our local resident, Mr. H. B. Goodrich.

POSTMASTER SENDS PITHY POEM TO HAYS. WASHINGTON, Aug. 18.—Forty thousand fourth class postmasters in the United States are getting a smile out of a bit of verse written by Postmaster C. J. Gose of Kinderhook, Pike County, Illinois, and sent to Postmaster-General Will Hays. The poem reads: I do wish that Mister Hays Could see my sweet and charming ways, And how polite and nice I am When some guy comes to mail a ham. How sweetly to those nuts I smile When they keep asking all the while— They're looking for a bale of tripe, A kiddy-kar or meerschaum pipe; And round the office they will stick Till I get peeved and darn near sick. But yet I have to smile and say: "You're package did not come today." And then they draw an ugly sigh, As if to say, "I think you lie"; I spread them one elastic grin And say, "It will soon be comin' in." If Mister Hays would come and see The way some folks are treating me I know full well that he would sob, And he would let me keep my job. He'd say, "Dear Doc, if you'll stay here, I'll boost your pay two beans a year."

Bring ten or fifteen pounds of your choice fruits and vegetables to the home of L. M. Pollock or Wm. Boyes or E. W. Wilson of Cedar street, Lomita, spent last Sunday with friends, Mr. and Mrs. Maddox, at Venice. The afternoon was spent watching the Miracle Man at work. A beautiful evening was passed with Mrs. Maddox at the piano. A delightful time was had by all.

WONDERS OF AMERICA. By T. T. MAXEY. ©. Western Newspaper Union. THE MONUMENT TO THE PILGRIMS. A TOP TOWN HILL in Provincetown, Massachusetts, looking out over the restless sea from the great arm which that state flings out into it, stands a great and impressive monument of extraordinary beauty and great dignity. This monument, one of the tallest on this continent, commemorates the anchoring of the Pilgrims in the historic Mayflower in the year 1620, their adoption of the first charter of a democratic government in the history of the world, the birth of the first white child born in New England and the whole chain of happenings which preceded the settlement at Plymouth. Built entirely of Maine granite, the construction supervised by the Engineering Department of the United States Army, this structure rests upon a sixty-foot-square foundation, is 28 feet square at the base, approximately 252 feet high and the site is about 100 feet above the tides. The architecture is of the Italian Renaissance order, the design having been copied from the tower of Torre del Mangia at Siena, Italy. The site was provided by Provincetown; the cost of the monument was defrayed by a joint fund contributed by Congress, the Commonwealth of Massachusetts, the town of Provincetown and individuals in all parts of the country. Dedicatory exercises were held on August 5th, 1910, the President of the United States being in attendance. This staunch and magnificent commemorative structure, standing in silent triumph, is typical of the reliance and love of freedom which characterized this little band in their battle with the elements and fate and of their descendants in all parts of the world.
