

THE
Kerogas Oil Cook Stoves

Is the choice of careful buyers because it has proven to be the biggest value for the price. The Heart of the Oil Stove is the BURNER. Most oil stoves have steel-lated burners. The KEROGAS BURNER is made of OLID BRASS. All burner trouble is eliminated. The gas which you actually burn is made of 400 Gallons of air to one gallon of coal oil.

Mrs. Joe Pilgrim of Riverside is spending a week here visiting Mr. and Mrs. Ed. Brennem of Portola avenue.

Mr. and Mrs. C. A. Cashion of Hennessey, Oklahoma, were Sunday dinner guests of Mr. and Mrs. F. L. Parks.

Mr. and Mrs. J. A. Bowers, with sons John and George, Miss Dorothy Murphy and Miss Mae Nicewonder of Spurlin Court, motored to Riverside Sunday with Mrs. E. L. Bowers. She returned home after a visit here with relatives.

An addition is being built to the second story of the A. Kemel home on Cota avenue; also the interior of the house is being newly decorated.

The Misses Vaughan of Houston, Texas, left Friday morning for their home, having received word of the sudden illness of their mother. It was with regret that these two young ladies took their departure, for they have become much attached to Torrance and the genial lot of accommodating people. They plan to return next year, and send greetings to their many friends here.

JOINT PICNIC

The Sunday schools classes of the Central and Baptist churches are making arrangements for a double picnic on Labor Day. Committees on refreshments, amusements and sports are making preparations for one of the grandest outings ever enjoyed by the Sunday schools here. There has been several large trucks provided to carry the children and grown-ups to the picnic grounds, and it is requested by the superintendents that every child in Torrance who is not already a member of one of the Sunday school classes attend next Sunday and become enrolled. You will enjoy a good time every Sunday afterwards—if you but join.
