**IF YOU HAVE \$1000.00 to invest YOU should INVESTIGATE the OPPORTUNITY we offer IN which the RISK is practically ELIMINATED, and which SHOULD yield you an AVERAGE INCOME of \$125.00 a month.**

We have secured an option, for a short period, on a 25% interest in the PATENT RIGHTS PENDING on two (2) of the GREATEST INVENTIONS in the history of the Petroleum Industry.

The INVENTIONS have been demonstrated for several weeks in the presence of high officials of the largest Oil Companies in the United States, and have not only received unqualified endorsement, but will be adopted by practically all prominent companies as quickly as they can be manufactured in sufficient quantities.

\$1000.00 will purchase a One per cent (1%) interest in BOTH inventions, the purchaser receiving a direct ASSIGNMENT, which will be recorded in the UNITED STATES PATENT OFFICE, making the purchaser a Part Owner of the PATENTS.

ROYALTY CONTRACTS have already been made which indicate that the INCOME should be approximately \$150,000.00 a year, or a NET RETURN of \$1500.00 a year on each \$1000.00 invested, equivalent to \$125.00 a month.

The TOTAL Royalties will be paid MONTHLY to the OWNERS of the PATENTS.
