TORRANCE SCHOOL NOTES.

Torrance school opened Monday with 509 enrolled. The total last year at opening was 393.

Owing to excellent attendance at summer school, many pupils have been promoted to higher grades. Eighty-one pupils were enrolled, and the results obtained were due to the fact that the attendance was almost perfect.

The new rooms that were added last year, only relieved the congested condition for six months, and we have been compelled to have half-day sessions, in the kindergarten, first, second and third grades. By the beginning of next week there will probably be eight half-day sessions.

The High school is crowded as well. One recitation period has been added to accommodate larger numbers.

The architect for the new building has been instructed to rush the plans as fast as possible, and it seems quite certain that the new high school will be finished by September, 1923.

The Night School will begin Monday evening, September 18. Any one interested is urged to be present, or notify Mr. Barnett, the principal, as the first meeting will be devoted to organization. Mr. Barnett has asked for teachers for the following subjects: Dressmaking, and Millinery, Mechanical Drawing, English for Foreigners, "Americanization," Spanish, Mathematics, Commercial Courses. All interested notify Mr. Barnett, at the school, at once.

Mr. Barnett says he has had many applicants for machine shop, and automobile repairing, but this course cannot be taken, owing to the crowded condition of the school, and absence of necessary equipment.

Any other subjects will be taught, if a sufficient number of pupils can be obtained, as 15 pupils are required before a teacher is supplied, for any subject.

Following is a list of the teachers for this year:

Lucile Ransch, kindergarten; Laura Thomas, A1; Margaret McConaughy, B1; Florence Felton, A and B2; Edna Russell, A3; Mrs. Caroline Renowden, A and B4; Edith Lay, A and B6; Irene Mills, A and B9; Eva A. Jones, A and B8; Elizabeth Parks, Latin; Mabel Miller, Spanish and French; Guy L. Mowry, Science and Physics; Ada Chase, part time Art; Jessie Weaner, Commercial; Marguerite Jones, Commercial; Helen Collier, Dom. Science; Edward Terry, part time Agriculture.

Several other teachers are to be assigned later.

Geo. Jones and Jack Lunigan, of the Torrance Hotel, were San Pedro visitors Sunday.

Harry Murden arrived Monday, from Dallas, Texas, to begin work at the Union Tool Company. He is stopping at the Torrance Hotel.

Mr. and Mrs. Dick Stapelfeldt arrived home Sunday, from Berkeley, where they visited Mrs. Robeau.

Mr. and Mrs. A. H. Battlett and daughter Polly, were Sunday guests of Mr. and Mrs. A. H. Klocker, of West 45th street, Los Angeles.

Mr. and Mrs. J. C. McVey will soon occupy the new house of Guy Mowry, now under construction by Herbert Black.

Weir Atwood resigned his position at the Union Tool Shops, Saturday evening, to attend school at Alhambra, where he will study for a physical instructor.

BILL SAM'S DICTIONARY

By J. L. MARTIN

Bud Thompson, who almost insulted Grandpa Wiggins, a Civil war veteran, by telling him that he isn't nery or he would have his achy tooth pulled, is boasting again about his own nerve, because he has had another boll lanced without the aid of an anesthetic.

ANESTHETIC: A drug given a patient to put him to sleep so that he may die easy while being operated upon. Bill Sam's Dictionary, page 70.
