## TOOTH TALKS BY DR. DAVIS

Taking good care of our teeth is a matter that we must all attend to. We have no choice in the matter. Nature imposes this duty upon us and we have to live up to the requirements she asks of us or suffer a fearful penalty. Besides greatly marring our personal appearance and handicapping us in our daily meetings with our fellow men, the pain that decaying teeth cause is so excruciating that to wilfully neglect this duty of having our teeth attended to is really the height of utter foolishness. Especially so when such well equipped establishments as Drs. Jelley & Davis, reliable dentists, exist. Scientifically prepared to solve any tooth problem that you may bring us. The latest methods known to modern dental science are in daily use in this office. The tried and proven ways of preventing pain that Dr. Davis has brought to a stage of perfection, have done much to eliminate the fear of the visit to the dentist. Come to Dr. Davis' office today and have your teeth filled—do not delay. Come today—for delay means decay.

### GOOD PLATES THAT FIT—AS LOW AS \$10

If you need a plate, you want one that will fit well and at the same time look natural. We have the best plate maker in Southern California, a man who takes pride and care in his work. He matches the shade of your natural teeth perfectly and makes your plate so well that your most intimate friends cannot tell that it is artificial. And our prices for this high grade work are unusually low.

No matter how many plates you have had that did not fit—come to us—we guarantee you a fit.

### FILL THAT CAVITY—\$1.00 UP

NOW—and don't let it grow so that later it will be impossible to save the tooth. Come to Dr. Davis today—we will clean out all the decayed parts of the tooth, treat it if necessary so as to prevent any future infection, fill with cement, silver or enamel, and do it painlessly and carefully, and at a price so low you will wonder how we can afford to do such skillful work for such a reasonable charge.

### PAINLESS EXPERT EXTRACTING—\$1.00

We never advise extraction unless it is absolutely necessary, but when we do, we do it without one bit of pain.

### CROWNS OF GOLD AND PORCELAIN

If the cavity in your tooth is too large or the tooth has decayed so that a filling will not take care of it, we recommend a crown. Our crowns are made of gold or porcelain. If you require a gold one, we make it of the best material possible, 22-karat gold, the best anyone can buy is what we use. Porcelain crowns are made to match perfectly the shade of the natural teeth you have. This kind of work properly done, as we do it, demands the highest skill on the part of the dentist, so as to obtain a perfect match. You will be pleasantly surprised when you find how moderate our prices are for this splendid work.

OFFICE HOURS FROM 11 A.M. TO 8 P.M.

### \*\*\*\*\* LOMITA NOTES \*\*\*\*\*

Among the former residents of Lomita, who were in town Sunday and attended the dedication of the new community church, were Mrs. Root, Mrs. W. A. Brimacombe, Mr. and Mrs. Hendricks and daughter, Mrs. Davis, and Mrs. Herbert Mattson and family of Wilmington.

Robert E. Simmons of Monte Vista, Colorado, was in Lomita, Monday, looking for a home that might be rented or bought. If Mr. Simmons finds a place that suits him; his father, W. F. Simmons, a former resident of Lomita, will also locate here.

Fire, of supposed incendiary origin, destroyed the corrals of G. H. Crittenden at South Pennsylvania avenue, Sunday evening. The corral gate had been removed and the stock turned loose. Damage to the extent of \$300 was done.

A very pleasant surprise gathering of old friends and neighbors from Arizona, at the home of Mr. and Mrs. Walter Tappin, senior recently, was the inspiration for a second equally pleasant meeting at the home of Mrs. David Campbell of Los Angeles, last Thursday. The guests were Mr. and Mrs. Walter Tappin, senior, Mr. and Mrs. I. B. English, Mrs. Ira M. Dillner, Mrs. Thomas Sidebotham, and Mrs. J. O'Moore.

### Local Dairyman In Toils Again

On the complaint of R. D. Sausbury, sworn to before Police Judge King, J. A. Erwing, who has been for some time conducting a dairy on Carson street, was arrested Saturday by Police Officer Anderson charged with failure to pay a board bill amounting to \$90.

The officer is said to have overtaken Erwing on the Main street boulevard driving a truck loaded with his household goods, and brought him back to Torrance. Here he pleaded guilty and on his promise to make the Sausbury board bill good his sentence was suspended for thirty days. Erwing was arrested September 9 on complaint of Charles E. Whithead, charged with passing a worthless check, and again on September 15 for an alleged similar offense.

Home with a lot of fellows is just a place where they get their mail.

Mexico has struck another revolution, but we suspect that she is jealous of the Turks.

### A DRAMATIC MASTERPIECE

"Hail the Woman," Thomas H. Ince's intensely dramatic masterpiece, which comes to the Torrance Theatre on Sunday and Monday, November 12 and 13, is a powerful production of universal appeal, built on the theme of modern American womanhood. It is from the master pen of C. Gardner Sullivan, and was directed by John Griffith Wray under the personal supervision of Thomas H. Ince.

This memorable play is a classic in motion-picture interpretation of human motives, due alike to the universality of its appeal and to vivid characterizations by Florence Vidor, Madge Bellamy, Lloyd Hughes, Theodore Roberts, Tully Marshall and others in a cast of unsurpassed brilliance and genius. The play passes from one tense situation to another, and has a heart appeal such as has seldom been equalled. It ranks as the greatest screen classic of the decade.

### BATHS OPEN EVENINGS

Every opportunity is given to indulge in evening swimming at the Redondo Beach bath house, which is considered one of the best equipped, most sanitary, and up-to-date bath houses on the Pacific Coast. New filters were installed at the beginning of the past summer season, insuring a continuous supply of pure filtered sea water. Plunge parties from the adjacent territory have been very popular lately, and the young people have been enjoying the pleasures of a healthy swim in the pure sparkling water. The temperature of the water varies in the different pools, and is heated to suit all tastes.

Tariffs come and tariffs go, but all of them stay too long for the country's good.

### M. W. A. RAFFLE POSTPONED

On November 18 the local lodge, Modern Woodmen of America, will receive a report from several sister lodges in this section as to the latter's disposition of the 35,000 tickets for the raffle the local lodge proposes giving, and which they distributed to the other lodges.

On receipt of this information an exact date will be set for the drawing that will take place in the Torrance theatre either November 22 or on the following Wednesday. Each of the tickets entitles the holder to a chance in a prize of \$1,000 in the purchase of an automobile.

### A White Man's Barber Shop

A good place for a white man to get shaved. No Jap trade solicited.
