'Utility Presents,' Says Hurum Reeve

The display windows of the "Hardware" Reeve store carry out the slogan of the popular merchant's "Gifts of Utility," and show waffle irons, Pyrex glassware, Rogers "1847" silverware, both in sets and singly, thermos bottles, electric irons, lamps, the latest soldering irons that supply their own heat; while in another window, tastefully decorated with Christmas colors, is shown a complete line of sporting goods that always make most acceptable gifts for the youngsters.

"This year, more than in any former year," said Mr. Reeve, "the residents of Torrance are not only shopping early, but are spending their money at home, rather than in the larger nearby cities. It is evident they have come to the conclusion that here they can get better service, better prices, and a selection of presents that compare favorably with Los Angeles stores."

"Speed Hounds" Swell Exchequer

Eight speeders "told it to the judge" last week, and were promptly fined an aggregate of about \$60 for "steppin' on 'er" when they struck the splendid streets of Torrance.

Officer Anderson and Police Judge King are each determined to educate visitors and residents of Torrance and surrounding towns that the speed limits within this municipality must be adhered to, and if fines have no effect it is intimated that possibly the example set by Los Angeles judges will be followed, and some of the most aggravated cases treated to a jail sentence.

Wig Wag Is Needed Dangerous Crossing

The need of a "wig wag" on the Pacific Electric railway crossing at the corner of Carson and Cabrillo streets is one of the most essential improvements at the present time in that part of town. Several accidents with automobiles and P. E. cars have narrowly been averted of late. In fact, serious accidents have happened here, and it is only a question of time until the above request will become imperative. The view is obstructed when driving in from the east, and when there are no passengers getting off or on the cars at this crossing the trains go through with only a "whistle."

Mr. and Mrs. J. O. Straub and family of Gramercy avenue moved last Thursday back to their home in Los Angeles. They sold their house here to Mr. and Mrs. Waite, formerly of Vista Highlands. They will occupy it soon.

CHRISTMAS NOVELTIES

- Ladies Vanity Cases..... \$6.50 up
- Ladies Week-End Vanity Cases.....\$11 up
- Manicure Roll Up; Ivory Trimmed in Black, Plain Ivory and Stag.
- PARKER FOUNTAIN PENS
