

Anybody will recognize facts, won't they? Facts, proven facts, are just the reasons that we now are distributors of the HEWITT QUALITY line.

HEWITT TIRES

CONSISTENT—WINNERS

Most any tire company can cite cases of extraordinary mileage and service. HEWITT TIRES have proven themselves to be constant winners by the fact that large corporations and stage lines, which used them in competition to all the leading makes of tires, have adopted them as standard equipment; therefore, they are entitled to the claim of being superior tires.
