WIFE SAVERS

By Mrs. Mary Morton
 Honeycomb woven blankets in attractive striped combinations are popular for cottage or camp couch throws. Army blankets in grays and browns have been offered at government stores at small prices, and department stores occasionally hold special sales of them. They are light, soft, and of the best make. The only objection is their sombre color. They are ideal for the summer cottage.

Cream of Tomato Soup.—Cook one pint of tomatoes with a few cloves and a good-sized onion until the onion is tender. Put through a wire strainer. Melt one tablespoon of butter in a saucepan, add one tablespoon of flour, mix smooth, and gradually stir in one pint of milk. Bring to a boil and add the strained tomatoes, boil up, season and serve. A tablespoon of whipped cream on top when served is nice. Make this soup in the double boiler if you are afraid of scorching it.

Cocoa Cookies.—One and one-half cups sugar, three-fourths cup butter, two well beaten eggs, one-half teaspoon vanilla, one-half cup sweet milk, one cup grated coconut, two teaspoons baking powder, flour enough to roll out soft. Bake in hot oven.

In making a boiled custard always put the salt into the milk after the milk has been scalded. Never put it into the cold milk, as it will cause the custard to separate as though curdled.

Creamed Eggs.—Hardboil as many eggs as you think necessary. Make a cream gravy of one tablespoon butter melted, one tablespoon flour mixed smoothly with the butter, gradually add one cup milk, season with salt and paprika, add eggs cut in pieces, and serve on nicely toasted bread.

Soap suds should be used in washing specks from the surface of mirrors, after which the glass may be thoroughly rubbed with a soft pad made of crushed newspapers to give a high polish.

Casserole of Spanish Rice.—Two cups stewed tomatoes, one cup boiling water, five tablespoons raw rice, three tablespoons chopped onion, two tablespoons chicken or beef fat, one-half cup grated American cheese, one and one-half tablespoons fine bread crumbs, one teaspoon butter if desired, one-half green pepper, salt and paprika. Chop pepper fine and add

all ingredients except the bread crumbs and butter, mix well. Bake the rice mixture in a well buttered dish one hour. Stir frequently to prevent the rice from settling. Ten minutes before the end of the hour add the crumbs and butter to the top and let brown.

For drapes that are inclined to turn up at the corners, sew weights in the corners (such as are used in women's coats, etc.). They are easily concealed and make the drapes hang much straighter.

Meat Roll.—Buy a pound of round steak cut thin. Cut a piece of suet into thin slices. Grind an onion and half a green pepper. Mix together, adding salt to taste. Roll the steak, placing the slices of suet and mixture of onion and green pepper as you roll. Tie securely with twine. Dredge with flour, sprinkle with salt and pepper, and dot with butter. Surround with half a cup of water in a baking pan and bake until tender.

Dutch Apple Cake.—Sift two cups of flour, three teaspoons of baking powder, one teaspoon of salt and one tablespoon of sugar; then add the beaten yolks of two eggs, three tablespoons of melted butter and one cup of milk. Beat well, fold in stiffly beaten whites of two eggs. Spread the mixture on buttered pans, one-half inch thick, and lay two rows of apples cut into eighths on top of dough. Sprinkle with sugar and bake a half hour in hot oven. May be served with or without lemon sauce.

I have found where a closet or other less ventilated place in the house sometimes gathers moisture, causing mildew, that an earthen bowl filled with quick-lime placed in one corner will absorb such moisture. In addition, it acts as a disinfectant and will keep rats and mice away.

There is nothing better for stained or varnished floors than the old-fashioned beeswax and turpentine mixture. It is a great mistake frequently to wash linoleums, as water rots the surface, makes it porous, and provides suitable quarters for undesirable microbes. For linoleums, as well as for wood, a good wax polish, which acts both as a disinfectant and a preservative, is much better. At the same time the wax fills the little holes in the surface so that whatever dust accumulates on the top is easily swept away.

HOW'S YOUR HEALTH?

By Dr. W. F. Thompson

Oh, we lose ten babies of every hundred born. Isn't that an awful loss. In this enlightened morn?

Men and motors, when never inspected, are always neglected.

Are you married? No, my rheumatism makes me look that way.

Spare the rod and spoil the reel; spare the toe and spoil the heel.

Zounds! You're out of bounds! You weigh two hundred pounds! Of aunts and such You eat too much—Zounds! You're out of bounds!

Household Hint: A discarded teapot, half filled with rain water, makes an excellent mosquito incubator.

Hedge us not with serious folks—While the world's plum full of jovial blokes; Tell us a batch of the newest of jokes And we'll laugh at our pain.

When the microphone has been perfected we are going to be surprised at our insignificance, as we are regarded by the microscopic world.

For the office man two hours of moderate exercise on the golf course—out in the air and the sun—beats an hour of physical exhaustion in the "gym."

NOTICE OF FILING ASSESSMENT FOR THE WORK OF IMPROVEMENT OF PORTIONS OF MARTINA, MANUEL AND WATSON AVENUES AND 218TH STREET PROVIDED FOR BY RESOLUTION OF INTENTION NO. 147 PASSED NOVEMBER 6TH, 1923, AND OF THE TIME OF HEARING AS TO SAID WORK AND SAID ASSESSMENT.

The undersigned the City Clerk of the City of Torrance, State of California, hereby gives notice that on March 10th, 1924, the Street Superintendent of said City, having made an assessment pursuant to direction and order of the Board of Trustees of said City to cover the sum due for the work performed and specified in the Contract made under proceedings for the improvement of Martina, Manuel, and Watson Avenues and 218th Street in said City initiated by Resolution of Intention No. 147, passed November 6th, 1923, filed the same with me.

I hereby fix April 7th, 1924, as the time and the Council Chamber of the Board of Trustees of the City of Torrance, in the City Hall of said City, as the place where and when all persons interested in the work done thereunder or in the said assessment, will be heard by the Board of Trustees.

This notice will also be published by the undersigned twice in the Torrance Herald, newspaper published in said City. The owners, the contractor or his assigns, and all other persons interested in the said work or in the said assessment, feeling aggrieved by any act of determination of the Superintendent of Streets or City Engineer in relation thereto, or who claim that the work has not been performed according to the contract in a good and substantial manner, or who claim that any portion of the work for any reason was omitted or illegally included in the contract for the same or having or making any objection of the correctness of the assessment or diagram or other act, determination or proceedings of the Superintendent of Streets or City Engineer, shall prior to the day fixed for the hearing upon the assessment, appeal to the Board of Trustees by briefly stating in writing the grounds of appeal.

For a description of the said work referred to in the above mentioned Resolution No. 147, passed by the Board of Trustees of said City of Torrance, November 6th, 1923. (Seal) ALBERT H. BARTLETT, City Clerk of the City of Torrance, California.

WHO SAVES MONEY?

Who are the folks who always have an account at a savings bank?
 The successful people—the men and women of fair to large incomes.
 Almost all of them started with only a dollar, too. Now they are able to deposit comfortable sums every once in awhile—and all because the first dollar was saved.
 Follow their example. From a small depositor you, too, may become a large one. We pay 4% interest on savings.
