Jack Hansen Torrance Agent Of National Automobile Club

The service units of the National Automobile Club, through which the organization offers a new type of road protection to the motorist, now blanket the state, according to Jack Hansen, manager of the Day and Night Garage, representatives of the organization here.

The free tow service, a practical kind of motor car and touring insurance, is entirely different from service offered by other automobile organizations. Instead of employing a fleet of cars owned by a single company, the National Automobile Club employs garages at strategic points all over the state to take care of members who find themselves in need of assistance on the road. A car is always within call.

There are no zone restrictions of any kind. No matter where the motorist finds himself in need of assistance, the National Automobile Club service will take care of his needs. The tourist does not have to compute his distance from town in order to find out whether he will have to pay for services rendered or to find out whether he is within distance prescribed for free service. From the Oregon line to the Mexican border the National Automobile Club provides thorough touring protection for its members.

Membership applications are pouring in from all parts of the state and an extra staff of mailers have been set to work at the northern and southern headquarters sending out the club emblem, loose-leaf touring guides, and membership cards.

To the automobile owner the National Automobile Club offers a new and comprehensive service. So comprehensive, indeed, that motorists can not well be without it.

The benefits and services follow:
 Free roadside repairing anywhere in the state of California, any time, day or night.
 Free towing anywhere in the state of California, any time, day or night.
 Free transportation of gasoline and oil anywhere in the state of California, any time, day or night.

California, any time, day or night.
 Free tire changing for women drivers or physically incapacitated men any place in the state of California, any time, day or night.
 Legal department from which club members will be able to obtain legal advice on any matter pertaining to motor law.

The Legion is adhering to its policy of keeping the Fiesta clean. T. C. Carlton, who has the contract with the Legion, believes in that kind of an event, too.

Leaving next Sunday morning, Mr. and Mrs. W. C. Von Hagen and family, Mrs. J. L. Luck, left Monday for a few days' visit at Seal Beach.

TO CEDARPINES FOR A WEEK.

A recent guest of Mr. and Mrs. William Harris of Sonoma avenue was Miss Lila Sherburn of Vermont.

ENTERTAIN AT PICNIC.
 A jolly picnic at Griffin Park, with Mr. and Mrs. J. M. Roberts as hosts, was greatly enjoyed Sunday by Mr. and Mrs. Churnes of Culver City, Mr. and Mrs. J. H. Fess and sons of Arlington avenue and Mr. and Mrs. W. C. Von Hagen and family, of Gramercy avenue.

COLORADO VISITOR HERE.
 Mrs. Hubert Reynolds of Greeley, Col., is a guest at the home of her son, N. E. Reynolds of 1912 Andros avenue. The visitor is a prominent club woman of Greeley and was a delegate to the recent biennial.

HIKE TO MT. ELSIE

Chaperoned by Mrs. Lillian Seegitz of Tujunga, Misses Jacqueline Treadwell, Maxine Roberts, Isabel Hamilton and Sarah Hager, all of Torrance, enjoyed a hike up Mt. Elsie and to the lookout on Mt. Lukens, 17 miles in all.

The girls saw the tracks of a mountain lion; fortunately the lion was conspicuous by his absence. Miss Treadwell and Miss Hager came in contact with poison oak, but the results were not serious. The girls are enthusiastic over the wonderful view and the fact that they could see Redondo Beach, Ocean Park and, last but not least, Torrance.

After several months' stay here H. Terry has been transferred by the Superior Oil Company to the Athens field.

Ten Millionth Ford Car Will Cross U. S. on Lincoln Highway; Stirs Statistician's Imagination

They're off! Ten million Ford cars in one parade.
 With Ford No. 10,000,000 scheduled to cross the United States on the Lincoln highway, a genius for figures has worked out the matter of staging a parade of the entire 10,000,000 Model T Fords.
 Here's the way he figures it: The road selected is 24,810 miles long, circling the earth at the equator. He parks the Fords in one place at the side of the road, sets a pace of 20 miles an hour for the parade, and starts the cars at intervals of 80 seconds.
 Drivers are to have an eight-hour day the same as that employed by all Ford employees, and are, of course, to have Sundays, Christmas, New Year's and Fourth of July off.

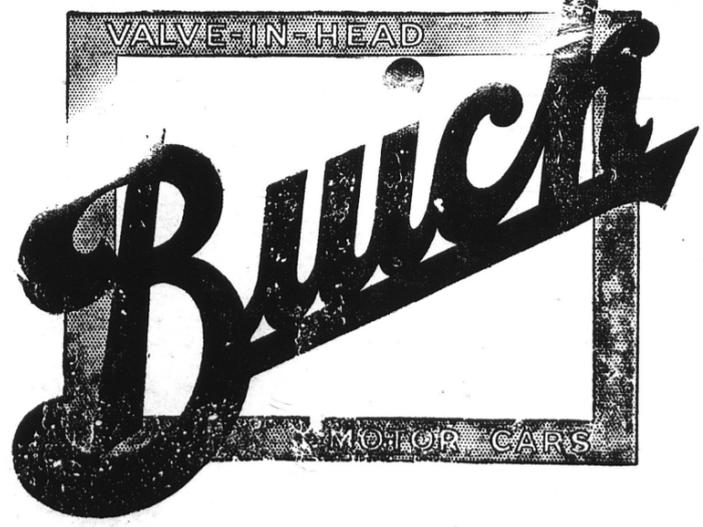

If you were inclined to watch such a parade and would remain until the last car passed, you'd have to stick at your place along the line for 32 1/2 years.
 With all the Fords remaining in line, it wouldn't be long before you would find yourself in the center of a whirling corkscrew of cars, and as the genius has already figured it, if you remained

C. C. M. O. Men Stage Funeral for Davis, Leaving to Wed

Eugene L. Davis, geologist of the Chanstor-Canfield Midway Oil Company has left the company's bachelor dormitory at the Santa Fe camp east of Torrance—forever.
 Yep. He has gone to New York to get married.
 Funeral services to his defunct bachelorhood were held at the dormitory the night before he departed for Gotham—and they consisted of sad rites, conducted by those he leaves behind in the lonely realm of single blessedness. Chanstor-Canfield office men and executives and foremen bade Gene farewell at a dinner prepared by the women of the camp.
 Numerous useful gifts were presented to the departing Gene. Just where the popular geologist will reside when he returns to California he has so far succeeded in keeping a secret from his fellow-workers at the C. C. M. O. camp—but the services of a detective agency have been engaged and the boys expect to learn the truth in time to be able to give Mr. and Mrs. Davis a royal welcome on their return.
 Mr. Davis announced before his departure that he is no relation to the Democratic candidate for president.
