**Another Protection For Our Depositors**

Your Checks

**Safeguarded, too**

In our Bank we use every known method for protection of our depositors. We have adopted the Protectu Check System for the benefit of our depositors so that the amount of their checks may be safeguarded against being "raised" should they be lost, stolen, or fall into dishonest hands.

With the Protectu Check System, you can write your check for a given amount and by a cutter attached to the cover, you can then tear off the check at the desired amount [like a money order]. No check raised can then raise your check for five to five hundred or ten to one hundred dollars.

These new Protectu Checks are supplied to all our depositors with checking accounts without cost.

If you are considering opening a checking account, call at our bank and see this improved service that we are furnishing our patrons.

**SPECIAL SIZE CHECK BOOKS FOR BUSINESS USE, EQUALLY PRACTICAL FOR POCKET, DESK, AND PAY ROLL USE.**

The same principle that prompts us to have burglar-proof vaults for the protection of valuables induces us to offer our customers
