

## FREE Foot Comfort Demonstration At Rappaport's

Foot troubles are universal. Government records show that 7 out of every 10 adult people have some form of foot trouble. You are probably a victim of foot trouble yourself. It may be only a corn, a callous, a bunion or some more serious trouble such as weak and broken-down arches. You might not know the nature of your trouble but you do know that your feet ache, pain, and get all tired out on the slightest provocation.

"Just for Fun"

By RAS BERRY

Ben Lingenfelter is the handiest man in Torrance. No matter what you want why he comes up and pulls it out of his pocket and hands it to you. He supplied a couple valve cores for me the other day out of the recesses of his vest pocket with all the calmness of a guy who is in the business of being a walking accessory store.

Ben Rappaport relays word that reports of his impending wedding were greatly exaggerated.

While I was away they sneaked in two new bank presidents on me, one at the Lomita State and the other at the Bank of America. I haven't tried either of them yet.

I guess the bds. of directors of both of them banks knowed I was coming home broke and put new birds in who I didn't know so well and who could say no easier to me than the old presidents.

In Cleveland why a guy asked Sam Levy if he had a reservation and Sam says what do you think I am, a Indian?

Bill Gascoigne never forgits nothing. When I lost that dawg why I told Bill about it and he says I make lots of trips through alleys and so forth and I'll keep my eye open for that there canine. And yesterday why? Bill comes to the office and he says well I found your dawg and he is tied up at a house at 2267 Sonoma avenue. Well although that is where I live, why I gotta hand it to Bill for keeping everlastingly at it.

Charlie Lapping was in to Hardware Reeve's and he sees on the counter a piece of paper with printing on it that looked like a cuss word puzzle and he started to work on it and worked about a hour before he discovered it was a chart that tells you the open season on all kinds of fish and game.

It was so hot in the Fiesta tent while Mrs. Al Greiner was fixing up the Legion Auxillary booth that she says she don't know much about this theory of evolution but if this theory says they ain't any Hell why she knows it's wrong and she'd like to have Mr. Darwin step inside that tent if he didn't believe it.

Con Cave has got a guest from Kansas staying at his house and this guest ain't never been to California before and he was at the beach with Con Sunday and it was so foggy you couldn't see 200 ft. and then Monday night why they was a electric storm most all night and this here guest says he is fed up on Con's climate alibis.

It's getting so a guy can't step into the 1st. Nat'l in a palm beach suit without a lot of railbird real estate boxes like Chas. Vonderahe and idle drug store onions like Everett Malone make a lot of wise cracks about birds that run around in their pajamas and if the

bank don't enforce a no parking ruling against real estate and druggists why I'm gonna quit over-drawin my account.

Carl Hyde and Booby Vonderahe put up the Chamber of Commerce booth in the Fiesta. Carl fixed the buntin and Booby did the grunting.

One thing while I was away that wasn't revealed and which I hoped would be made known to all and sundry is why Hardware Reeve's folks give him a name like Hurum.

You can buy a Ford now for \$38 down, says Schultz, Peckham and Schultz and I don't see no reason any more for anybody bumming rides on the highway.

Sam Levy he bought a big lot of shoes and made a good buy and is holding a sale on them this wk. here and he says he is glad that people in Torrance don't ride in taxicabs like they do in N. Y. and Boston.

Butch Ott is so generous that when a lady asks him for a bone for her dawg why he gives her such a big and juicy one that she takes it home and makes soup out of it and gives it to the dawg afterwards, but Butch says he don't care because any bozo that figures everything right down to the penny don't get much fun out of life.

Butch he was sgt. at arms of the Rotary Club while Sam Levy was sgt. and last Thurs. why he collected two bits from Ben Lingenfelter for letting the Christian Church ladies serve up ham at the first meeting when Sam gets back.

The other Legion boys think that Verne Babcock and Bob Delinger missed a trick when they didn't sell a booth in the Fiesta for W. Post to stage a golf exhibit.

### Torrance Family At Yosemite Park

YOSEMITE NATIONAL PARK, July 17.—Mr. and Mrs. E. E. McClure and their three children, of Torrance, are among the many guests at present vacationing at Yosemite Lodge in Yosemite National Park. They arrived just yesterday, and plan to remain for at least a week among the wonders of the High Sierras.

Both Mr. and Mrs. McClure were delighted with the appearance of the valley at this time, and were particularly pleased to find the many Yosemite waterfalls still raging. While here they will spend as much time as possible on the many alluring trails of the valley, over which hundreds of nature lovers are wandering these days.

Following the vacation in Yosemite, Mr. and Mrs. McClure plan to return to their home in Torrance.

## "The best worker on the ranch"

"Yes, sir, that old Ford hasn't soldiered a day since I took to using this new Zerolene 'F' for Fords."

Ford owners who "tried out" Zerolene "F" for Fords when it was first put on the market have been sticking to it ever since.

Zerolene "F" for Fords is made by the Standard Oil Company's patented vacuum process. It lubricates all the bearing surfaces where oil is needed, especially the wrist-pin bearings and the upper half of the cylinder walls, which are frequently "oil-starved" when an unsuitable lubricant is used. The result is improved gasoline mileage, quicker starting and increased freedom from carbon and other motor troubles.

A Ford is an A-1 transportation investment. Protect your investment by proper lubrication.
