WHAT'S THE USE OF HOLIDAYS ANYWAY?

Torrance Theatre Will Feature Fox Films This Week

'The Wheel' and 'The Fighting Heart' Will Be Shown

A cast whose excellence it would be hard to surpass for talent and fitness for the roles assigned to its members is to be seen in "The Wheel," the William Fox production of the John Golden stage success, which comes to the Torrance Theatre Thursday and Friday.  
An old favorite with Fox fans—not only in point of the number of pictures, of course—is Clair Adams, who shares the leading honors with Harrison Ford, who has won millions of admirers by his excellent work on the screen and stage.  
In support are to be seen Mahlon Hamilton, who plays the villain in the picture, though he is not of the "deed-dyed" sort. Mr. Hamilton is one of the best-known leading men and character portrayers in Hollywood. Playing the gay charmer is Margaret Livingston, who won for herself a long Fox contract by the high standard of her work in "The Wheel."

Two mysterious shots on two different occasions save the life of Dave Gordon, the young hero of "The Demon," Blue Streak Western starring Jack Hoxie, which comes to the Torrance Theatre Saturday.

"Smiling George" O'Brien nails another rung in his ladder of different screen characterizations. In "The Fighting Heart," which will show next Tuesday and Wednesday at the Torrance Theatre, the genial William Fox star portrays a role that is a wide contrast to any formerly characterized by him.

For the second time Smiling George comes under the direction of John Ford, brilliant Fox director, who made the year's screen sensation, "The Iron Horse," which scored heavily for both O'Brien and Ford. George's role of Davy Brandon in "The Iron Horse" was the smiling young man's first leading role in pictures.

Phone Employees Will Celebrate

The employees of the Bell Telephone Company will celebrate the fiftieth anniversary of the telephone next Wednesday, March 10. The invitation to "open house" from 10 a. m. to 3 p. m. at the local office follows:

"On March 10, 1876, the first sentence was spoken over the telephone by Alexander Graham Bell, the inventor, in his attic workshop in Boston.

"Only fifty years later—on this March 10, 1926—the 360,000 men and women who supply the every-hour human effort in linking together, as in one great neighborhood, America's 16,000,000 telephones will unite in a nation-wide observance of the fiftieth anniversary of the telephone.

"It will give pleasure to those who are privileged to aid in making your telephone an important part of this great service to have you, together with your family or friends, visit on March 10th the central office which serves your telephone. You will find an acquaintance with the equipment and methods employed in your service both interesting and mutually helpful."

Mr. and Mrs. Ed Chambers and Mr. and Mrs. Fred Boise attended the auto show in Los Angeles Friday evening.

The Country Has Gone Nash!—and Ajax!!

February!

Greatest Month in Nash History and Greatest Ajax Six Month

Swiftly soaring nation-wide Nash sales swept February—although the shortest month of the year—into high position as—

—the biggest single month of production on Nash cars, alone, in the entire history of the company.

And Ajax Six sales racing on ahead pushed February Ajax business far beyond the biggest previous month since this brilliant new Nash-built success was introduced.

And the reason for this record-breaking Nash-Ajax success is just this—record-breaking QUALITY plus record-breaking VALUE.
