M. C. Summers

Will Give a **FREE LECTURE** "INDEPENDENCE ON ONE ACRE" Illustrated by **3-Reel Movie**

Will one acre support a family? Can the beginner without any previous experience in intensive farming or poultry raising be successful?

Mr. M. C. Summers, formerly a director of the Southern California Producers' Association and organizer of the California White Leghorn Breeding Farms, will tell you just how men (and women, too) find health, happiness, prosperity and financial independence on one Runnymede acre.

The motion picture accompanying the lecture is a drama of growth. It shows every detail of the famous Runnymede poultry ranches within Los Angeles' city limits.

MARCH 22, 1923

**1,000,000**

DECEMBER 16, 1925

**1,500,000**

On March 22, 1923, Buick celebrated the building of the millionth Buick. Approximately eighteen years were consumed in the accomplishment.

On December 16, 1925, Buick reached the million and a half mark. A million Buicks in eighteen years—the next half million in two years and nine months.

At the present time, public demand calls for more than 20,000 Buicks every month. This means the next half million in the hands of Buick owners, within two years.

These bare figures tell a graphic story of Buick's continuous advance in public regard. The great acceleration of demand, at the present time, speaks strongly of the increased value and desirability in the Better Buick.

Leadership belongs to Buick because a nation familiar with many motor cars has given it to Buick.

The American public wants "finer transportation at lower cost", and Buick provides it!
