## Trustee Candidates Promise Tax Reduction

**JOHN DENNIS**  
For 15 years member of the City Council of Hillsboro, Ore.

The campaign committee of the People's League, sponsoring strict economy in the municipal government, a substantial reduction in city taxes next year, and re-arrangement of the city budget as it applies to departments of the government, issued the following statement today:

"At no other time in the history of Torrance has it been more necessary that the city be governed by men of mature and unbiased deliberation, with economy their foremost consideration. The importance of sound municipal government is appreciated by all the people.

"With industrial expansion in large proportions assured during the next few years on the property recently acquired by the Santa Fe,

**BRADY WOLFE**

it is more essential than ever that our Board of Trustees be free from prejudice and hatreds engendered by politics and encouraged by politicians.

"The future of Torrance is endangered by the entrance of personal political hatreds into the city government.

"Never before in Torrance has a platform received such popular approval from the people as that to which John Dennis, Brady Wolfe and Charles Inman are pledged.

"That the people of Torrance believe that these three candidates for trustee are qualified in all particulars to see that the principles of the economy platform are carried out effectively and to the letter is evidenced by the increasing number of voters who are vol-

untarily supporting Mr. Dennis, Mr. Wolfe and Mr. Inman.

"The Board of Trustees is ruled by a majority. These three men, if elected, will constitute a majority of the board, and will guarantee fair, capable, economical and calm administration of the city's affairs.

"John Dennis, Brady Wolfe and Charles Inman are running for office at the request of 100 public-spirited citizens and owe allegiance to no group or individual in the city of Torrance.

"Elected to office, they will be free to govern the city with fairness to all and without obligation to anyone. They are the type of men who have made successes of their own lives and are capable of handling municipal affairs with judgment and without rash prejudice."

## Women's Club Learns of Old Days on Coast

Mrs. M. L. May in Charge of Program Tuesday Afternoon

Mrs. M. L. May, chairman of the California history and landmarks committee, presented an interesting program at the Women's Club Tuesday afternoon.

Mrs. A. S. C. Forbes of Los Angeles, chairman of the history and landmarks district committee, gave a short history of this department and told of the work done during the past year. She told of the fight that was made to retain the name of Temple street, named for one of the early Los Angeles pioneers, and of the naming of the new bridges after the early settlers.

Mrs. Joanna Neelands, daughter of an officer of the club, presented a beautiful Spanish dance, with Miss Elschman at the piano. Mrs. Schoneman afterward complimented the dancer for the correctness of her costumes. Miss Neelands also gave a vocal number.

Florence Dodson Schoneman, president of the California History and Landmarks Club, attired in a gown of rich silk 150 years old, held the attention of the club with her talk on the women of California in the days of the Spanish rancheros.

Six ladies on the platform with Mrs. Schoneman wore Spanish shawls dating in age from 200 years down.

After the program a business session was held, during which the revised by-laws were read and accepted.

The club voted to incorporate under the laws of California, making the social club an incorporated body, affording protection for the property held in its name.

Mrs. Parks, president, announced that the district convention would be held at Pasadena on April 6. Mrs. W. J. Neelands and Mrs. W. H. Gilbert were appointed delegates, with Mrs. Murray Reeve and Mrs. Frank Miller alternates.

A janitor has been engaged by the Junior Auxiliary to care for the clubhouse. The organization has also installed a telephone.

The literature section under Mrs. E. C. Dolley will meet in the foyer of the clubhouse on Thursday, March 18, at 2 p. m.

Mrs. Brady Wolfe announced that a minstrel show will be given in the clubhouse on the evening of April 23.

Mr. Deininger requested that all stockholders who have not received their stock certificates call at the First National Bank for them.

A bridge party will be held at the clubhouse Friday afternoon for the benefit of the club's treasury.

Mrs. J. R. Dudley conducted her class in parliamentary law from 1 to 2. The next meeting of the class will be held on April 20 at the same hour.

**Keystone Acreage Is 'Moving' Again**

Acreage has been moving in Keystone, as evidenced by the consummation of several sales in the last week. Mr. Teiner, Mr. Sykes and A. Sims having each sold a number of acres.

**C. W. CLUB**  
The C. W. Club was entertained at luncheon Sunday by Mrs. R. S. Frownfelter of Elgin street. Members who enjoyed Mrs. Frownfelter's hospitality were Mrs. Hans Anderson, Mrs. M. Sonerud, Mrs. Emil Hespe, Mrs. Julius Gertzen, Mrs. John Walte, Mrs. Ha MacPhail, and Mrs. H. R. Beckler.

## The Voice Of the People

**STREET WIDENING**  
Los Angeles, Calif., March 9. Torrance Herald, Torrance, Calif.

I am a reader of the Torrance Herald and I see that you have annexed some land to the city of Torrance. Well and good. It would also be good if Torrance would annex a section to the city charter, that would compel the land-owner to lay out streets and alleys of proper shape so it would be good for all time to come. The city charter of Los Angeles reads that the city council shall have power to widen and straighten streets and move buildings back, and the property-owners have to pay the expense, but when the land is vacant the owner doesn't have to pay anything.

I have been hurt once that way myself in Los Angeles, and I have been told of a few more that have been hurt twice here. I have heard it said many times that if the city council and the mayor and city attorney can't make any better city charter they are only good candidates for the state crazy-house.

I have been told that some cities have a section in the charter that reads that if a land-owner wants to lay out his land in lots he can survey his land and state on his maps how far it is to the nearest street crossing and put maps of his addition into the city surveyor's office, and the city surveyor marks out his maps with streets and alleys straight and wide enough. The land-owner has nothing to say about it. If that is good for some cities it should be good for all. If not, why not? A READER.
