ATTEND SERVICES SUNDAY

LUTHERAN

"Christ's Little Whites" will be the theme of the sermon by the Rev. W. Lange at the Lutheran service to be held at the Torrance Theatre on Sartori avenue beginning at 9 o'clock.

Sunday School immediately after the close of the preaching service, at 10 o'clock.

On Thursday afternoon, April 29, the members and friends of the Torrance Lutheran Ladies Aid and Missionary Society will motor to Inglewood to attend the first annual meeting of the Lutheran Ladies Aid and Missionary Society of that city. The meeting will be held at the home of Mrs. Wm. F. Schneider, 533 West Olive street, and will begin promptly at 2 o'clock.

KEYSTONE MISSION

At the Keystone Mission next Sunday morning H. B. Transchel will discuss "The Day of Grace." "Seek ye the Lord while he may be found; call ye upon Him while He is near." (Isaiah 55:6.)

In the evening Mr. Pugh will conduct a Bible study, "Christ, the Center of Our Life."

At both morning and evening services special selections will be rendered by a male quartet.

Everyone is welcome at these services.

TOWNE TALK

By RAS BERRY

Doc Neelands he was up to Randsburg Sat. and Sun. and he goes down in the Windy gold mine and brings up some samples and pans out the gold and Mrs. Neelands takes it home tied up in her handkerchief and Monte Darling says he guesses Doc is gonna use it to fill teeth with.

Sam Levy he was up to the mine too and the supt. was showing him around the diggings and he says here is a nice vein and Sam says Gee Whiz in that a vein. It looks like a hardened artery to me. No-buddy was hurt.

Harvel Guttenfelder and his family and Willis Brooks and his family is out riding Sat. and every-body has to jump out for their lives and Willis and Willis throws sand on the flame and puts it out and finds it is a greasy rag on fire that Harvel had left near the exhaust while wiping off the car and now Harvel says he ain't never gonna clean the car again. Such is the rewards of industry especially for a young man who is so ambitious that he burns things up. Willis says Harvel would of been all right if he had got the rag out.

Down to the trustees meeting Mon. nt. Wallace Post he gets a big hand when he seconds the motion to adjourn.

And the crowd gets a kick out of a letter from Chief Thorpe of Hawthorne who writes to the trustees and says that due to a change in the Hawthorne administration as a result of the recent election he believes that he will be soon open to offers of a job.

And coming back to Randsburg again Monte Darling he takes a peek through a window in the Randsburg jail and it is pretty dirty inside and Monte says-it would be a good thing if you is going up there to sweep out the jail in the afternoon.

Perry Briney and Mrs. Briney and Dr. and Mrs. Neelands they camps out in tents near Randsburg Sat. nt. and a heavy rain come up and they gets up in the morning and their clothes is kinda soaked and Mrs. Neelands she says to Perry, Hey Perry you're all wet and Perry he says So's yer old man.

Judge Rippy he reads in the paper where a guy in New Jersey was arrested the other day for stealing a horse fifty years ago and the Judge says some of these days somebody is gonna be pinched for stealing a dinosaur.

Dick Malone says he noticed the Germans didn't win a seat in the League but it don't make no difference because with all their reparations payments they ain't gonna have time to set down anyway.

First National Bank OF TORRANCE

TOTAL RESOURCES OVER ONE MILLION DOLLARS

Ford Highest in Quality Lowest in Price

The finest steels available are used in the manufacture of Ford cars. The plate glass for windshields and windowis as perfect as can be made. Upholstery material contains a larger percentage of wool than is ordinarily specified—even for much higher priced cars. The basic features of Ford design have never been improved upon by any manufacturer.

No other car offers greater dependability. The Ford car has won the favor of millions of users under every conceivable motoring condition. Its convenience is known and appreciated the world over; its performance is taken for granted.

Such quality is possible at Ford prices because every operation, from mining of ore to final assembly, is under direct control of the Ford Motor Company.

Iron is taken from Ford mines in Michigan; coal from the Company's mines in Kentucky and West Virginia. Glass comes from Ford glass plants; wood from the Ford timber tracts in the North. Raw materials and finished products are carried over the Company's own transportation routes; coke ovens, blast furnaces, a steel mill, foundries and saw mills—all are part of this complete organization. There are even salvage plants, paper mill, cement plant, etc., to transform waste materials into useful by-products.

In this way every possible economy is effected. Under no other circumstances could Ford quality be had at Ford prices.

TWENTY-TWO YEARS OF LEADERSHIP

ATWATER KENT RADIO

ONE DIAL brings in the stations

This is the Model 30 Receiving Set with battery cable, with only ONE DIAL

This little knob turns the ONE DIAL slowly, for fine tuning

Regulates volume of sound

Battery switch

Controls detector—remains fixed

What could be simpler?
—just pull the switch and turn

WHETHER you're a novice or a veteran in Radio, you'll like this Atwater Kent ONE Dial receiving set.

If a novice, you will be won by its simplicity. It has only one dial. Just turn the dial and hear what's on the air—as you would scan the headlines in your newspaper—then select the station you want to listen to.

If a veteran, your enjoyment in Radio will start all over again. Think of it—no tuning. Never before have you had such command of the air—never before did you realize there were so many good stations on the air—so many that can be brought in with absolute clearness and volume.

And both of you—novice and expert—will be charmed with the quality of performance. The Atwater Kent Model 30 is just as fine in reception as simple in operation.

And although this is a full-powered, six-tube set, the mahogany cabinet is no higher than your fountain pen, no longer than a row of a dozen books.

Simple, efficient, beautiful, compact—ask any Atwater Kent dealer to let you try the Single Control Model 30, today.
