WIFE SAVERS BY MRS. MARY MORTON

Shoestring Potatoes.—Scrub and pare smooth medium size white potatoes. Cut in long, narrow strips about one-eighth inch in thickness. Soak in cold water for about one hour. Drain and dry thoroughly on a clean tea towel. Fry in deep fat until brown and crisp, remove from fat and drain on brown, unglazed paper to absorb excess fat. Sprinkle lightly with salt, and just before serving add a small amount of finely chopped parsley.

Bird Egg Salad.—Mash cottage cheese and moisten with well seasoned French dressing. Mix with finely chopped pecan meats. Shape into small bird eggs. Dry a little parsley on back of stove or in warming oven and rub between fingers until very fine. Sprinkle the little eggs with the parsley, arrange in nests of heart lettuce leaves. Garnish with radish roses and serve with French dressing.

Radish Roses.—Wash radishes carefully. With a sharp vegetable knife make five or six lengthwise incisions through the skin and then peel back the skin to look like flower petals. Cut down through the center two or three times and set stand in a pan of ice water until the radishes open out like roses.

BUTTERSCOTCH SAUCE
 Going to have ice cream for dessert? Get or make a plain vanilla cream and serve it with butterscotch sauce made as follows: One cup light brown sugar, two-thirds cup light corn syrup, four tablespoons butter, three-fourths cup thin cream, chopped nuts. Put the sugar and the butter in a saucepan and let them cook until the sugar is melted and well blended with the butter; add corn syrup and cook until a temperature of 231 degrees Fahrenheit is reached. Add cream. Keep hot over water and just before serving add the chopped nuts. If you prefer you may put the nuts on as a final garnish after the sauce is poured over the cream.
