BRIEF NEWS

The two-day-old daughter of Mr. and Mrs. W. C. Sience of 927 Arlington avenue was interred in Roosevelt Memorial Park Monday. Arrangements were directed by Stone and Myers. The mother is critically ill in the Torrance hospital. Mr. Sience is associated with the Woolbestos Company here.

Tom Morton, brother of Mrs. Anna Brown, formerly of Lomita, was a visitor in Lomita Monday. Young Morton, well known to many of the young married set in Lomita and Torrance, is a member of the air service of the United States navy. He was one of the crew of the plane that crashed at Ocean side last week. Morton escaped unhurt from a fall of 1200 feet.

Mrs. G. T. Graves of Cota avenue returned this week from a trip to Hamilton, Kan., where she was called by the death of her mother, Mrs. Sarah Neer, aged 85.

Mrs. Carl L. Hyde and daughter Laura May returned Tuesday from a two-months visit with relatives in Denver, Colo. En route to Torrance they were guests of Miss Mabel Hall of Oakland.

Mr. and Mrs. Roy Confer of Cota avenue returned Tuesday from a ten-days trip to Big Basin and San Francisco, where they were guests of Mr. and Mrs. Harry M. Scfield. On the way home they were entertained at San Mateo by Mrs. John Coy.

ON INSPIRATION
Look to the glorious world of today for your inspiration. All life is a series of inspirations. Always one thing leads to another. It is said: "Circumstance forces one to act."

If we say "Circumstance inspires one to act," and can convince ourselves of this, then the real joy of life is ours.

How beautiful is a life of inspiration, for it leads only to the beautiful.

No one was ever inspired to haste and anger. No one can be inspired to wrongdoing, to greed or to indulgence, for to be inspired is to be inspired, encouraged and enlightened.

Circumstance forces only those who must believe that it does, but it inspires those who will let it. So, my friend, let us, you and I, look for our inspiration today; for the one who waits for tomorrow is the one who hopes the circumstances of tomorrow will force him where he wants to go.

But alas! Tomorrow never comes, and those who have to be forced are still waiting.

Only those who are inspired by the circumstances of today are the ones who really live and derive the full benefit from life.

Trusting I have risen above my limitations sufficiently to convey my thoughts to you by means of this missive, I am a friend always,
GEORGE ALEXANDER.

2000 Employees of Safeway Stores To Attend Bowl Event

For the first time in the history of Southern California the employees of a great business organization are to be given a practical lesson in the fact that harmony in business is just as fundamentally sound and necessary as harmony in music.

The famous Hollywood Bowl, "harmony headquarters" of the west, has been chosen for this unusual demonstration, and on Tuesday next, Aug. 18, two thousand employees of the Safeway Stores will listen to a symphony program purposely arranged by Alfred Hertz, world-famous conductor, with a view to emphasizing harmony as an everyday asset to business people.

Prof. Hertz, formerly conductor of the Metropolitan opera house of New York city, and at present the leader of the San Francisco Symphony Orchestra, is a firm believer in the art of harmony as applied to daily business.

"A Little More Music in Business" is one of Prof. Hertz' pet slogans, and to illustrate this he has selected Symphony No. 5, by Tchaikowsky, "Beria," by Debussy, and "Italia," by Casella, as three musical compositions illustrative of perfect harmony.

Mrs. William Tolson and son are expected to spend the weekend from a two-weeks vacation at Huntington Beach.

Torrance Kiwanis Plays Daddy for Beach City Club

The "baby" Kiwanis Club at Hermosa Beach received its charter last Friday evening at the Surf and Sand Club. The presentation was sponsored by the Torrance and Santa Monica Kiwanis Clubs. An elaborate dinner was followed by a dance at which 20 local members and their wives and sweethearts were present.

Puncture Plant Discovered Here

Plants of the "puncture vine" have been discovered on an acre in the northeast corner of Lomita. Rancher Washburn has reported it to the county officials, and immediate steps will be taken to eradicate the vines.

The state has appropriated \$30,000 to fight the inroads of the vine, which bears a burr that spells the utter ruin of pneumatic tires with which it comes in contact.

It has become such a menace in the vicinity of Van Nuys that that city has appropriated \$8000 to fight it.

MOOSE MEETING CHANGE

The meetings of the L. O. O. M. will be held in the rooms back of the Lepkin store on Sartori avenue, for the present, instead of in Moose hall. Local Moose, please note!

Mrs. F. W. Wiggins of Andree avenue left Thursday for Montreal, Canada, in response to a message announcing the death of a sister.
