Seek Big Slice Of Bond Issue For This Area

Ask for Quota of Proposed \$8,000,000 County Funds for Southwest

(Continued from Page 1) of assessed property valuation is the estimated cost of the park bond issue to Los Angeles County taxpayers, according to a statement of the campaign committee, which is composed of many prominent civic leaders, among whom are H. W. O'Melveny; Orta E. Monette, Bank of America; Carl Bush, secretary Hollywood Chamber of Commerce; Hugh Pomeroy, secretary Regional Planning Commission; George W. C. Baker, secretary East Side Organization; Clarence Sneathen, secretary Traffic Commission; C. J. Williamson, secretary Southwest Organization; Joseph Staez, president Affiliated Improvement Associations; C. H. Cheney, city planner, Palms Verdes; Grover T. Russell, East Side Organization; C. Gordon Whitnall, City Planning Commission, and others. George W. C. Baker is chairman of the park bond issue campaign committee. The proposition is No. 1 on the county ballot.

L. A. GETS P.-T.A. MEET

Los Angeles was selected as the convention city for 1927 by the executive committee of the California Congress of Parents and Teachers, now in session at Fresno. Bids for the convention were made by Bakersfield, Santa Cruz, San Francisco, Yosemite Valley, and Santa Ana.

SCHOOL NEWS

ELEMENTARY

On Monday, Oct. 11, the new room, which has been anticipated due to increasing enrollment, was opened. Miss Lovemia Boudinot is our new faculty member. The new room was formed through the reorganization of the non-English groups, Miss Mowry having the older foreign children taken from the upper grades, thus relieving those rooms, which have been crowded. The lower division of the non-English children was placed under Miss Boudinot.

Wednesday of this week a new mahogany piano was delivered for the auditorium. On Tuesday a truck load of shrubbery was delivered for the improvement of our grounds.

Here From England, Sees Sisters First Time in 15 Years

Roland Willets, who arrived here Saturday from West Bromwich, Staffordshire, England, met his sisters, Mrs. Anna Stegmaler and Mrs. George Bailey, for the first time in 15 and 20 years, respectively.

Mr. Willets, who is accompanied by his family, will locate in or near Torrance.

Local Electrician Real Steeplejack

"Scottie" Scott of the Torrance Electric Company gave the folks a thrill Monday when he ascended the flagpole in the park at Sartori and Marcella avenues and installed a red signal light for the police department Monday.

"Scottie" says he didn't get scared at all—but when the wind came up and the pole started to sway he finished the job up pretty quick.

The new signal light works simultaneously with a telephone bell at the bottom of the pole. The new phone and signaling system is designed to improve answers to police calls at night.

Has everybody noticed the beautiful appearance of Narbonne grounds since the lawn has sprouted?

Free Bowling For Women In Refined Club

Mr. and Mrs. Bender Open Alleys for Fair Sex Each Friday

An atmosphere of refinement produced by attractive over-stuffed furniture, and window hangings, pervades the American Club, where Mr. and Mrs. J. M. Bender are planning to encourage bowling by women of Torrance and vicinity. Mrs. Bender announces that women are invited to bowl free of charge each Friday afternoon from 3 to 5 o'clock.

Mr. and Mrs. Bender have made the club unusually attractive and refined, and have succeeded in their efforts to make it a virtual club center for the people of this city.

Now that the winter season is coming on, a brisk bowling season is anticipated.

Women's Club to Lunch on Oct. 20

The regular monthly luncheon of the Women's Club of Torrance will be held Wednesday, Oct. 20, at 12:30. Reservations for this luncheon must be made with Mrs. W. H. Gilbert, phone 234-W, before 4 o'clock Monday, Oct. 18. No reservations can be made after this date.

The regular meeting of the club will follow the luncheon at 2 o'clock.

The executive board of the club will meet in the clubhouse at 9 o'clock Friday morning, Oct. 15.

Motorists Berate Long Beach Delay On Carson Street

Delay of the city of Long Beach in improving the 60-foot strip on Carson street which constitutes the Long Beach shoeing strip seems to be the justified pet peeve of motorists these days. Persons who do not know that the unpaved portion of the highway is in Long Beach wonder how the county ever left such a part of the road unimproved. Those who know about the narrow shoeing strip wonder little but have plenty to say about Long Beach.

Winter rains will put that short 60-foot strip in bad condition. If motorists are sore about it now, they will be more so during the wet season.

Wonder when Long Beach will spend some of its oil royalty money and pave that piece of road?

Mrs. Norman B. Smith of Long Beach was a recent guest at the home of her son, Harold Smith, of Narbonne avenue.

Mr. and Mrs. George Wance and son Leslie, of Eshelman avenue, were entertained at dinner and

cards Saturday by Mr. and Mrs. C. A. Crane.

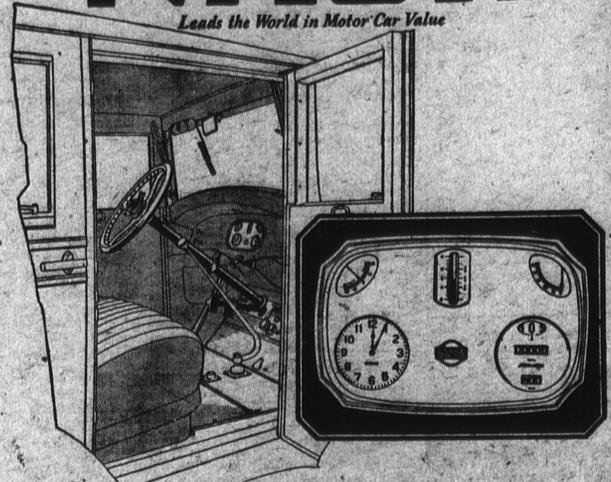

Mr. and Mrs. Loren Halliday of San Juan Capistrano were weekend guests of Mrs. Halliday's parents, Mr. and Mrs. H. L. Johnson, of 257th street.

Mr. and Mrs. O. H. Burnett of Redondo boulevard were guests Sunday of Mr. and Mrs. William Stinebaugh of Gillette Manor.

Mr. and Mrs. Paul Mading were entertained Saturday by Mr. and Mrs. Carl Bertin of Los Angeles.

NASH

Leads the World in Motor Car Value

A NEW Instrument Board and Greater Front Compartment Convenience

One of the many outstanding advantages offered by the new Nash models is found in the arrangement and appointments of the roomy front compartment.

There is an attractive new instrument board with all instruments compactly assembled in a single panel under glass, indirectly lighted.

Further forethought for the driver is shown in the way Nash has located the lever control of the new double-beam headlights on the steering wheel at your finger tips.

Come and see the new Nash models and examine their numerous other new features.

New Nash Attractions

7-bearing crankshaft motor—world's smoothest type—powers all new Nash models.

New-type crankcase "breather" which prevents crankcase dilution.

Rubber insulated motor supports—standard Nash practice for some time.

Motor heat control by new thermostatic water regulator.

Oil screen "agitator" preventing oil coagulation in cold weather.

And many other new improvements.
