## Parent-Teacher Section Guests Here on Friday

Torrance Organization Entertains Many Out-of-Town Members

The Torrance Parent-Teacher Association was hostess to Section D of the Tenth District Parent-Teacher Association at the auditorium of the Torrance Elementary School Friday afternoon.

Mrs. George E. Shidler, president of the Torrance P.T.A., presided during the opening program, which consisted of the salute to the flag; one verse of "America"; three numbers by the high school orchestra—"Liberty Day March," "Old Clock," and "Cherry Blossoms"—Miss Marjorie Blachen directing; Miss Elaine Teal rendered a piano solo, "Waltz in A Flat," by Chopin, and as an encore, "The Music Box," by Liebeck. Rev. F. A. Zeller of the Evangelical Church made the invocation. W. M. Bell Jr., principal of the elementary school; Herbert Wood, principal of the high school, and Mrs. Shidler gave short addresses of welcome.

Mrs. J. A. Shuey, councilor for Section D, then took the chair.

After the P.T.A. song, led by Mrs. Miller, Mrs. E. M. Bines of Los Angeles, section program chairman, gave an address on the arrangement of programs. Mrs. Bines is the wife of Mr. Bines of Rappaport's department store.

The following chairmen discussed the work of their departments: Mrs. Davis, home and school aid; Mrs. Miller, child welfare; Mrs. Walker, membership; and Mrs. Linderman, emblems.

Mrs. Linderman, emblems. Mrs. Bines announced that she had appointed Mrs. George E. Shidler, president of the Torrance Parent-Teacher Association, as program chairman for Section D. Other section D chairmen introduced were Mrs. A. H. Hilpert, literature; Mrs. Powers, pre-school age; Mrs. J. A. Boecker, home and school aid; Mrs. C. H. Mears, membership; and Mrs. J. H. Milburn, press.

Mary Lingenfelter Thompson, accompanied by Mrs. J. H. Fitzhugh at the piano, sang a group of Scotch songs, "Danny Boy" and "My Laddie."

Baskets of beautiful dahlias were used for decorating the stage and for the tables on the porch where refreshments were served during the social hour which followed the meeting.

The decorations were in charge of Mrs. H. O. Perry, who has been appointed first vice-president of the local association to succeed Mrs. Shidler. Mrs. Perry and the C.-C. M. O. gardener supplied the flowers.

## Buick Balances Wheels on '1927 Improved Models

Every autoist knows that in the average wheel there is an unbalanced side where the valve and valve stem are located. The effect which this unbalanced weight has on the riding qualities of the car has only recently been made the subject of investigation.

The Buick Motor Company solved the problem of unbalanced wheels by counterbalancing the valves and stems in all four wheels in the 1927 models recently introduced.

An automobile publication recently made the question of unbalanced wheels an editorial subject. It said:

"Balancing of road wheels is to the fore just now, a refinement of seemingly needless delicacy, on the face of it. But remembering the erratic pull of a weight suspended from a string and swung rapidly in circles, not so foolish after all."

"As a matter of fact a state of unbalance in a wheel equivalent to a weight of half a pound concentrated on the rim exerts a pull of something like 28 pounds when the wheel is turning at a rate corresponding to 40 miles an hour. A 28-pound centrifugal pull on the wheel may be the root of several evils—'shimmy' and 'tramping' principally—while a similar unbalanced condition in all four wheels may produce oddities in riding performance that are most difficult to explain."

# Outdoor Wear for Men

Exceptionally Low Priced for Such High Quality Garments

Don't compare these garments with the cheap "shoddy" garments usually offered in "bargain sales" of workmen's clothing. We demand the same high standard of quality in our men's wear department as prevails throughout the store and we unhesitatingly guarantee all our merchandise. That's what makes the prices quoted on this page all the more attractive.
