TOWNE ALKE "Just for Fun" By RAS BERRY

Leon Larson he was telling about living on the prairies where the big winds blow and Gene DeBra says he lived in Kansas once and a wind come up and blew the calf up against the barn and held it there until it starved to death. Nobuddy was hurt.

They is a lot of us that is hoping that Spud Murphy runs true to form in his selections of Saturday's football winners because if he does why they is a few of us that is gonna not be overdrawn on Monday like he will

probably be if he runs true to form. It is eight yrs. since the Armistice went into effect but it still looks like some of them European nations ain't heard about it yet.

My boy he starts to tell all the things he wants to get for Christmas and he says will cost too much of those things well you don't have to pay for them when Santa Claus brings them do you and so she didn't say no more. Gee Whiz.

It kinda looks like Mich. would beat Ohio and Yale would walk over Princeton and Notre Dame would beat the Army but if these here three teams don't win why maybe even Santa won't bring many presents Christmas.

balls in the box at 75 cents each and 12 times 75 amounts to \$9.00 when I went to school and he sells me the whole box for \$5 on tick and he owes me \$1 because I played better golf than he did and so that makes me owe him four bucks and as soon as I can sell 1/2 of the balls for \$3 I will pay him \$5 and that will give me 1/2 a box of balls or six (\$3) for a net sum of \$1 so if this sort of business keeps up and I can sell 1/2 the balls for \$3 and pay him up why with his golf skill when playing against others and mine when playing vs. him and with my brains why my golf is gonna be less costly for henceforth.
