IDECO TRIMS TOLSON The International Derrick Company hoisted the Tolson Transportation truck drivers off the baseball right way at the Summer Playground last week, and left them with a stalled engine in an extra inning game that ended 9 to 8.

It was anyone's battle most of the time. The truck chauffeurs seemed to have trouble shifting into high on the bases. Buster on third and Hawkins on first turned in nice fielding games and Hawkins also hit well.

Webster played a nice fielding game for Ideco and tied the score in the seventh. The truck chauffeurs home. Allen proved to be the Babe Ruth of the Derrick outfit with three hits. His last hit provided a regular Frank Merriwell finish.

It came in the extra eighth inning with the score tied at eight all and was a clean home run that broke up the game. The two teams were very evenly matched, each team getting seven safe hits. The score: International Derrick Co. AB H R

FIREMEN TOPPLE DERRICKS The Fire Brigade broke into the win column by defeating the International Derrick Co., 11-10, in a game that started out slowly but ended in a frenzy. Burmaster, peppery catcher for the firemen, started the first inning by knocking a home run with two on bases. Two more were scored in this inning. Ideco had managed to score four runs up to the seventh inning while the Firemen had 14.

A batting rally combined with errors netted Ideco six runs in their half of the seventh and for a moment it looked as if they might overcome the immense lead, but Downing fled out to Scholtz to end the game.

BAKER'S FROSTING CRACKED In the fastest and closest game of the season the Tansy barbers came from behind to defeat the Globe Bakery team of Lomita, 10-9. "The game started off with a three to three tie in the first inning and although the baker boys gained a lead and led 5-7 at the seventh inning the little shavers came back and made it 9-8 in the eighth inning.

In the first half of the ninth the Globe Bakery tied the score at 9 all but with two away and two on, Scott of the Barbers broke up the game with a single that was fumbled and brought in the winning run.

The teams were well matched and played fast, snappy ball thru-out. Home runs by Gerhart and Culvert featured the game and Merritt stretched a single into a home run when the Elder (runner) led. Watson, Stanton and Norman Groves pulled some pretty catches and Von Hagen also played a nice game in the field. It takes school under strong leadership for the study of the Bible.

Morning service, 11 o'clock. Evening service, 7:30 o'clock. Subject: "The Memory of Jesus." Leo Polman will be the speaker. This service will be an echo of the recent Ten Meetings. Christian Endeavor, 6 P. M. All young people invited. Monday, 7:30 P. M., Trustees Meeting. Tuesday, 7:15 P. M., Fun and Study Club. Wednesday, 7:30 P. M., Prayer Meeting. Thursday, 7:30 P. M., Choir rehearsal.

Those who live in the open, doing hard work, create a need for food. Because of their active life, the appetite demands sustaining food and the body is able to take care of it. It is the man or woman whose condition in life prevents much activity who requires direction in the selection of their food. Take note of the over-plump man or woman at any table; their chief food is protein such as meats, eggs, starchy foods and rich pastries which contain large amounts of fat and sugar but are lacking in mineral elements and vitamins.

It is far safer, more comfortable and enjoyable to restrict one's appetite for such foods before constipation, rheumatism, dyspepsia and kindred ills become settled, than to overcome them after the harm is done.

It is a safe rule to follow, that the one who does office or indoor work, with little exercise, should eat half as much as the outdoor worker. It is better to cut down on the supply, eating what one likes, provided it is a well balanced diet, than to fast as so many do.

Protein is the only food principle which we need and cannot do without, as it repairs waste and builds muscle.

The sedentary worker should keep in mind that he needs proteins, but they should be of a kind that is readily digested and converted into body-proteins. He should eat sparingly of meat, eggs,

beans, and these foods should be added to the diet only to give attractiveness to root, leafy and milk products as well as fruit. Frequent weighing will give one an idea of the weight in right. If there is a constant increase in weight the amount of food should be further cut down.

With an apple or orange daily, fresh fruit of other kinds in season, one will avoid auto-intoxication or irritating bacteria in the digestive tract. (Copyright, 1927)

Mrs. Harry Paige To Direct New Church Choir Announcement of the forming of a choir for the First Chirothesian Church of Torrance was made by Rev. Cameron today. Mrs. Harry Paige has been engaged as teacher of the choir, and Mr. Paige will conduct the congregational singing Sunday evenings, at the old American Legion Hall on Border avenue.

Until further notice rehearsals and lessons will be at the hall on Friday evenings at eight o'clock for one hour only and will be free. All who love to sing are welcome. Mrs. Paige stated choir members will have their voices tested and will have this chance to begin lessons free of charge, with Mrs. Paige who is a graduate of the Boston Training School. Next Sunday, the evening choir music for Dr. Hoop's lecture will be augmented by solos and duets by Miss Cameron and Thomas Jackson, as well as by the regular quartette. Mrs. J. S. Babcock and her Sunday school class of girls enjoyed a picnic at Hermosa Beach Tuesday.
