The Sample Store today announced a new policy in the sale of men's shoes in Torrance. The local retail house has purchased \$5,000 worth of shoes since Dec. 15 and is anticipating a big volume of business on shoes for 1928.

Mr. Oberg said today that in offering men's shoes at new low prices, the Sample Store will make it unnecessary for any buyer to go to Los Angeles in search of bargains in men's shoes.

In making his announcement Mr. Oberg advised Torrance men to "save a dollar or two on shoes and have a trip to the city."

Multi-Color and Reptile Print Velvets Smart for Winter

By JULIA BOTTOMLEY

There's simply no getting away from the velvet this season. It weaves its spell of enchantment in every nook of fashion's sphere. From gowns, wraps, formal or informal, costume ensembles sports bags, shoes or sofa cushions, emphasis is placed on velvet in the mode—and would you believe it, Paris is now designing parasols of velvet for resort use. Note this too, if you please, in regard to the prestige of velvet among fashionables—a census of evening gowns worn at the premier of grand metropolitan cities, declares the fact that more than half were of velvet.

Furthermore, velvet is writing new pages into its history which has to do with startling novelty and diversity, which is another reason why we are so intensely interested in this beloved material. Just now young girls are getting a thrill out of cunning short jackets made of multi-colored velvet print, after the

manner of the "darling" model which the charming and well known cinema artist, Marion Nixon, is wearing [to the left] in this picture. This attractive ensemble stresses a pencil-blue one-piece dress with a jacket fashioned of gay-printed velvet, the patterning being very daring and very smart. That most youthful-looking fur-gray squirrel, is used for the rolling collar. The very essence of chic is expressed in this costume.

Reptile printed velvet is another of the season's sensations. Some of the most effective coats turned out recently are made of these very new and very fascinating reptile prints. The one in the picture is collared, cuffed and bordered with seal for flat fur trimmings are the thing just now. An inset of this novelty reptile-marked velvet extends down the front of the dress from neckline to hemline. A point which emphasizes its modishness is the fact of the coat being somewhat shorter than the skirt.

Not only are novelty velvets popular for coat and jacket, but for the blouse they bespeak all that is up-to-the moment in smartness. One of the most successful afternoon costumes at this moment poses a blouse of multi-colored velvet, topped with a head-fitting cap of black velvet.
