New Cabrillo Avenue building constructed by local contractors will be formally opened Saturday by Earl's Cafe and Ed Tansey Barber Shop.

The artistic and well constructed building pictured above which houses the elaborate new Earl's Cafe and Ed Tansey's Barber Shop, is a credit to its owner and the Torrance firms which erected it.

The building is owned by G. R. Baird, former hardware merchant of Torrance, who employed Torrance labor and used Torrance materials throughout. The plumbing contract was let to the Torrance Plumbing Company, the cement work to Evans & Clark, the decorating to the Torrance Wall Paper & Paint Company, the hardwood floors to L. J. Acree, the plastering to Tom Watson, and the building materials were purchased from the Haynes Lumber Company.

The attractive new neon sign erected by Earl's Cafe was furnished by the California Neon Specialties Company, 715 Camino Real, Hermosa Beach, and the refrigerating system in the cafe was installed by J. H. Levers & Company, 810 E. 14th street, Los Angeles.

Earl's Cafe and Ed Tansey are inviting the public to inspect their new business homes at the opening frolic Saturday evening.
