

Be Sure It Is a Portland Cement Concrete Pavement

Make it clear that you want portland cement Concrete—the rigid, skid-proof, unyielding pavement that has the pleasing light gray color.

Built according to present-day, high standards, Concrete Streets and Roads meet permanently all the requirements of modern traffic.

You want your pavements to be an investment—not an expense. You want to receive dividends in satisfaction and service. That means Portland Cement Concrete Pavement.

Our booklet tells many interesting things about Concrete Streets. Write this office for your copy

TROUBLE-PROOF

The sixth of seven scientific reasons why ice is king of all refrigerants for the home....

Nothing in your household should give you less trouble than your refrigerator.

If your refrigerator is not located so that it can be serviced with ice when you are away from home, and if it cannot be so located under the present arrangement of your house, we will be glad to suggest a way this can be done.

Give your Ice Delivery Salesman authority to keep the box properly filled (it is the cheapest way) and there is no form of refrigeration so free from trouble and care.

Always an abundance of crystal clear ice available for the table and for cooking.

Clean the refrigerator once a week and you will always have a sweet clean interior.

Ice Refrigeration never gets out of order, never requires attention—works day and night—silent and efficient.

THE UNION ICE COMPANY

423 West 18th St., San Pedro, Calif.

Ask the Ice Salesman who serves you regarding the good refrigerator he sells at extremely reasonable prices.

Trapped by Her Past!

RECENTLY an actress, who a few years ago was popular on Broadway, submitted to True Story Magazine a most startling story. It told why she had left the stage at the height of her career never to be seen upon the boards again.

And so when one night she received a note from a man in the audience who was awaiting her reply, she realized the time had come to settle her account with fate.

Her story entitled "Trapped by My Past," appears in True Story for June. With nothing hidden, nothing omitted she has put into it all the fire that perhaps once held you spellbound across the footlights. Maybe as you read it you will recognize her. If so you will then know the answer to a question you have probably asked yourself many times.

How to Play BRIDGE

Series 1927-28 by Wynne Ferguson

Author of "PRACTICAL AUCTION BRIDGE"

ARTICLE No. 21

Here are three interesting hands that came up in play the other evening and caused considerable difference of opinion. See what you think of them and compare results with the analysis that will be given in the next article.

Problem No. 23

Y : A Y B :
Z :

Hearts—K, Q, 7
Clubs—K, J, 8, 4
Diamonds—J, 7, 6, 2
Spades—K, J, 9, 8

No score, first game. If Z dealt the foregoing hand, what is his proper opening bid, if any?

Problem No. 24

Y : A Y B :
Z :

Hearts—K, Q, 10, 4
Clubs—9
Diamonds—6
Spades—K, Q, J, 10, 9, 8, 6

No score, rubber game. Z dealt and passed, A bid one club, Y bid four spades and B bid five clubs. Z doubled, A passed, Y bid five spades and B bid six clubs. Z doubled and all passed. What is Y's proper opening lead?

Problem No. 25

Y : A Y B :
Z :

Hearts—Q, J, 9, 8, 5, 2
Clubs—8, 3
Diamonds—A, K, J, 9, 7
Spades—none

No score, A-B a game in. What should Z as dealer bid with the foregoing hand?

In the preceding article the following problem hand was given as an illustration of the value of sizing up your hand and planning your line of play at the first trick. Unless you do so then, it may be "everlastingly too late."

Answer to Problem No. 21

Hearts—8, 3
Clubs—K, 7, 2
Diamonds—A, J, 9, 5, 2
Spades—Q, 5, 3

Y : A Y B :
Z :

Hearts—A, J, 10
Clubs—A, 8, 4
Diamonds—Q, 10, 3
Spades—K, J, 9, 6

No score, rubber game. Z dealt, bid one no-trump and all passed. A opened the six of hearts, B played the king and Z won the trick with the ace. How should Z plan the play of the hand? The point of this hand should be very evident. Z has two suits to play for, spades and diamonds, and must decide at the first trick which suit to play for. The natural play is to try to set up the diamond suit for it is longer and stronger than the spade suit. Z should realize, however, that if B holds the king of diamonds he will win the second trick and lead back his partner's heart suit. Then, after the hearts are cleared, A, if he holds the ace of spades, can get back in the lead with it, make his set-up hearts and thus prevent Z from scoring game.

Therefore, Z's proper play at trick two is to play for the spade suit and force A to play the ace if he holds it. If he doesn't no harm is done. The ace of spades in A's hand is a positive re-entry and must be got out of the way before his heart suit is set up. Played in this manner, Z cannot help but go game, no matter how the cards lie.

Answer to Problem No. 22

Hearts—5
Clubs—A, 10, 8, 3
Diamonds—none
Spades—5, 4

Hearts—4
Clubs—J, 8
Diamonds—5, 4
Spades—J, 9

Y : A Y B :
Z :

Hearts—Q, 8
Clubs—K
Diamonds—K, Q
Spades—10, 8

Hearts are trumps and Z is in the lead. How can Y-Z win six of the seven tricks against any defense? Z should lead the king of clubs, all following suit. He should then lead the king of diamonds, all following suit except Y who should discard a spade. Z should then lead the queen of diamonds, all following suit except Y who should trump with the five of hearts. Y should now lead the five of clubs, all following suit except Z who should trump with the queen of hearts. Z should now lead the ten of hearts which B must win with the six, Y discarding his last spade. B must now lead clubs up to Y's hand who must win both tricks, having the ace ten over B's queen nine.

Hearts—6
Clubs—Q, 9, 7, 6
Diamonds—10, 8
Spades—none

STUDEBAKER

The Great Independent

A New Record for stock cars under \$1400

Better than a mile a minute for 5000 miles

The Dictator \$1195 to \$1395

BY traveling 5,000 miles in 4,751 consecutive minutes, the Studebaker Dictator has established a record unequalled by any stock car under \$1400—comparable to the existing world record of 5,000 miles in 4,559 minutes made by The Studebaker Commander last fall.

And not one, but two Dictator Road-steps, fully equipped, each traveled 5,000 miles in less than that number of minutes. The run was made at the Atlantic City Speedway, April 20-23, under the supervision of the Contest Board of the American Automobile Association. Before and after the run, the cars were checked by the Technical Committee and were pronounced strictly stock models.

CLAIMS vs. FACTS

Automobile advertising is full of extravagant claims of performance. But Studebaker offers you definite FACTS supported by the certificate of the highest motoring authority. Under A. A. A. supervision

The Commander has made a record never approached by any other car on earth (25,000 miles in less than 23,000 minutes). The Erskine and The Dictator have made records unequalled by any other stock cars at or near their prices.

The high quality of materials, the precision workmanship, the rigid inspections and the engineering genius in the Studebaker Dictator are proved not only by its ability to travel 5,000 miles in less than 4,800 consecutive minutes, but also by the fact that any Dictator can be driven 40 miles per hour as soon as it leaves the assembly line at the factory.

Backed by Studebaker's 76-year reputation for quality and value, The Dictator offers champion performance at a low One-Price price.

Values in Four Price Fields

President Eight, \$1985 to \$2485; The Commander, \$1435 to \$1625; The Dictator, \$1195 to \$1395; The Erskine Six, \$795 to \$965. All prices f. o. b. factory.
