FOR SUMMER DAYS

Midsommer is not too late a time to add an extra touch to the porch or terrace ensemble. In fact, it is even a propitious time, for comfort, ever an appreciable item, is more of a consideration now that a hot spell or two has proven the importance of proper outdoor furniture.

Illustrated above we see a pleasantly attractive and comfortable group. Here steel, a major item of

the modern decorative trend makes a splendid base for a graceful garden bench which is further ornamented with green tiles. Of Swiss breeding, portable and yet firm, is the comfortable and inviting arm chair with a slightly sloping back and handsomely rounded arms. The separate cushion, of waterproof glazed chintz, in a deeper tone of green than the painted chair adds to the decorative effect of this charming group.

© HOUSE AND GARDEN

A SUMMER ENSEMBLE

Ease is a welcome attribute to these languorous summer days, and anything that lightens the burden

of housekeeping is an item worthy of second thought. Too, if smartness and serviceability are accompanying virtues, there is no question but that immediate acceptance is the reward of the piece under consideration.

Illustrated in the sketch above is a folding tray-table which incorporates the points mentioned in the preceding paragraph. Used separately as a tray, this well finished piece handsomely serves one purpose. As a table, it may be placed wherever convenient and stands solidly on four graceful legs. It is fourteen inches wide, twenty-six inches long and twenty inches high, but when not in use may be folded away into a space of not more than five inches. This practical table comes finished in mahogany or walnut, or any other desired wood. It is also available unfinished, providing the available painter with a field for his brush.

Bowl Conductor to Wed Thursday at Concert

Plays to His "Fairy Princess" Then Marries Her

Never before in the history of the Hollywood Bowl, nor in any other organization so far as has been learned, has a musician appeared in the quadruple role of conductor-composer—soloist—bridegroom. Percy Grainger, who comes to the Bowl for four nights, August 7, 9, 10 and 11, will have that unique distinction.

Dividing his activities between the keyboard, the creative pen, and the re-creative baton, too little has been known generally of Percy Grainger the director. Music critics of three continents have acclaimed Grainger as a musical "leader" and a superb interpreter of not only his own modern compositions, but also of the works of the old masters.

As a composer, Grainger is known the world over, his work having been played in every music center. Eight of his compositions appear on his three bow programs. They are "Colonial Song," "Shoppers' Day," "The Warriors," music to an imaginary ballet, "Mock Morris," "Clog Dance," "Handel in the Strand," "Lord Peter's Stable Boy," and "The Power of Love."

Thursday night's performance takes on a greater significance since Grainger has chosen that night for his wedding to Miss Ella Viola Strom, whom he characterized as his "Fairy Princess." His newest composition, "Bridal Song: To a Nordic Princess," will in a sense, be his wedding march, for immediately at the close of this composition, which is the last number on Thursday's program, the marriage of Percy Grainger and Miss Strom will take place on the Bowl stage.

Under the baton of Maestro Pietro Cimini, who will conduct Friday night's concert, Grainger will appear as pianist, playing Grieg's Concerto in A Minor.

Grainger will complete his Bowl appearances with a popular program on Saturday night.

An unusual feature of Grainger's programs is the appearance of assisting artists each night that he conducts. Five of these artists, Anita Awater, soprano; Ivan Edwards, tenor; and Ralph Dobbs, George H. Greenwood and Marshall Sumner, pianists, assist on Tuesday night's program. Six pianists, those mentioned above, together with Alexander Kozloff, Willard McGroger and Harold Smyth—will play the second movement of Bach's Brandenburg Concerto No. 3, and Grainger's "The Warriors" on Thursday night. Messrs. Dobbs, Greenwood and Sumner, will also appear on Saturday night in two Grainger numbers, "Handel in the Strand," and "Lord Peter's Stable Boy."

Legion Meeting to Draw 10,000

Torrance and Lomita Veterans Going to Convention at Stockton

The tenth annual convention of the California Department of the American Legion, to be held in Stockton, Aug. 13 to 15, inclusive, will assemble more California World War veterans in one place at one time than any event since the World War, according to Commander Ray Leslie of Bert S. Crossland Post. According to word received here from Stockton by Commander Leslie between 9,000 and 10,000 Legionnaires will attend the big conclave.

Legionnaires are flocking to this year's convention in greater numbers than ever before, said Commander Leslie, mainly because of the central location Stockton occupies in the state. From all reports, he added, Karl Ross Post of Stockton is to make of the convention a general celebration in observance of "Ten Years After."

Local Legionnaires who plan to attend should send in their reservations once, he said. Stockton hotels are to be taxed to their limit and, from word received here, the Stockton post has adopted a policy of "first come first served" in reserving rooms.

Among those from this city who are laying plans to attend the conclave are A. W. Greiner, C. M. Smith, Chas. J. Bryant.

CHRISTIAN SCIENCE CHURCHES

"Love" was the subject of the Lesson-Sermon Sunday, July 29, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The citations which comprised the lesson-sermon included the following from the Bible: "Thy saith the Lord, Let not the wise man glory in his wisdom, neither let the mighty man glory in his might, let not the rich man glory in his riches: But let him that glorieth glory in this, that he understandeth and knoweth me, that I am the Lord, which exercise loving-kindness, in the earth: for in these things I delight, saith the Lord." (Jeremiah 9).

The lesson-sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "In patient obedience to a patient God, let us labor to dissolve with the universal solvent of Love the adamant of error—self-will, self-justification, and self-love, which wars against spirituality and is the law of sin and death." (p. 249).
