# Henry Carter Harbor District Booster Is Senate Candidate

Henry E. Carter, the Republican candidate for senator in the 31st district, now assemblyman, is a resident and property owner in the Harbor District, with property interests also in the city end of the district. He has taken an active part in the improvement of the harbor; and knows the needs thereof, therefore, he is better fitted to represent its industries and fisheries, and to promote improvements than any other man.

Every voter in the 31st district knows that Senator Carter as a member of the legislature has stood firmly for clean, honest, efficient government, and has been unalterably opposed to any and all practices of selfish interests. He is a firm believer, and upholder of law enforcement; and 100% against vice, crime and corruption; and will continue his efforts to change street improvement laws to protect property owners from overlapping assessments; and excessive costs on delinquent payments.

Senator Carter has written the argument in favor of the referendum on act reapportioning the state. He was chosen one of the committee by all parties of reapportionment to confer with like committees from San Francisco and Alameda counties, relative to concerted action to carry the referendum at the November election.
