Boy Sees Circus; Leaps Off House; Clavicle Broken

Little Billy Anderson, 8 year old son of Mrs. Maybelle Anderson of Palms Verde, went to the circus. There he saw trapeze artists and marvels of all kinds that did the most amazing stunts. These stunts impressed the small Billy very much, and Tuesday, Billy decided to try out some of these stunts for himself. How nice it would be to master these things and go around and show all his little friends what a marvel he'd become. So Billy climbed to the top of a bird house, a distance of about 8 feet from the ground and began the arduous task of tying his hands and feet very securely. He then flung himself head first off the bird pole. But the ground was hard. Somehow the trick didn't work out just like it did for the man in the circus, and his shoulder hurt something awful. Wednesday morning Billy's mother brought him over to the Torrance hospital and had the shoulder X-rayed and found that the tip of the clavicle had been chipped. It wasn't serious, only painful, but Billy has decided that in the future he will take the circus marvels for unusual beings, who can do wonderful things and never get hurt. No more playing circus for him.

Mr. and Mrs. S. S. Worrell attended a W.C.T.U. lecture at Long Beach Tuesday evening.

At the coming carnival to be given at T. H. S. soon, there will be a contest to elect the most popular girl. Votes will cost a penny each.

This was decided at a meeting of the boys of the 10th, 11th and 12th grades during roll call Monday.

Something new in the way of entertainment will be offered at this carnival, which will be the product of every class and organization in the school.

Representatives of Kiwanis, Rotary, American Legion, Legion Auxiliary, Women's Club and Chamber of Commerce, were guests of Mr. Wood at luncheon at the High School Monday noon.

The purpose of the gathering was to discuss ways and means of raising funds for the grand piano that the school is planning to purchase, that would make it a community project instead of a school one.

This will be the only grand piano available for public concert use and thus it will benefit the entire community.

Luncheon was served by the cooking class in the Home Economics dining room.
