Baby Swin Champ

The first swimming meet of its kind ever conducted was held at the Edgewater Beach Hotel Swimming Pool, under the auspices of the Central A. A. U. in which little girls 3 to 6 competed for the championship of their class. Little Lucille Hyatt, 3 years old, considered the outstanding baby sensation of the day, won the right to her claim of the world's baby champion. Experts who watched her beat her opponents marveled at the wonderful form displayed by the child as she outdistanced the other children in the event. Photo shows a closeup of Lucille with the winning cup.

MOTHERS

Some Things You MUST KNOW About MILK

First of all, that it is from a healthy, tuberculin tested, properly housed and well fed herd of cows. Sanitation in the modern cow barn is one of the prime considerations.

—that the milk is handled by a clean, honest farmer or dairyman, who is as careful of his methods in the care of the milk as he is of the conditions in his own home.

—that the milk is pasteurized and bottled in an up-to-date, sanitary plant, equipped with the most modern machinery to best insure its purity.

Any milk put up in bottles under these conditions is safe milk for the babies always. The pure, wholesome and nourishing qualities of good milk make it an ideal diet for the children.

Mothers, if you would be sure that the milk you are giving your children is the very best of good milk, look for the label on the cap and insist that it reads

What Famous Users Say About Richfield

ART GOEBEL

Shortly after we broke the non-stop Coast to Coast record with Richfield Gasoline, we made a comparison of four well-known motor fuels. We discovered in this test that Richfield, in addition to giving us greater power and speed, would enable us to remain in the air two hours longer per one hundred gallons than any of the other fuels. Naturally, we used Richfield in our most recent victory, the Los Angeles to Cincinnati non-stop race.

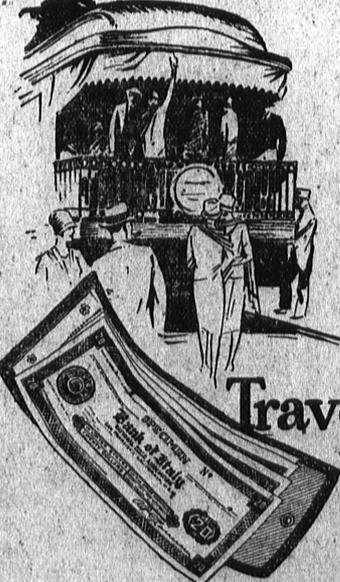

One of America's foremost pilots...winner of the Dole-Hawaii flight; first to shatter the Army's five-year old transcontinental record and winner of the Los Angeles to Cincinnati non-stop race

Goebel adds his tribute to those of dozens of other leaders in the field of motordom, who endorse and use Richfield products—such men as Harry Miller, Fred Duesenberg, Anthony Fokker, Allan Loughhead, Harry Hartz, Captain Wilkins and Ralph Snoddy—men whose achievements as designers and pilots are internationally recognized.

Richfield's qualities—proved in grueling competitive events—are the same qualities you need in your own motor car—instant power, speed and acceleration without loss of mileage. What gasoline do you use?
