BECKERS OFF ON LONG TRIP

"Nick" Presents Pittsburg Lion Club with Marble Lion from Italy

N. A. Becker, former consulting and efficiency engineer of the Columbia Steel Corporation, and Mrs. Becker, left Pittsburg, California, last week for an extended tour over most of the United States and a large part of Mexico.

The journey will be made by every modern means of travel with the possible exception of submarine and this may even later be used.

Among the many places that Mr. and Mrs. Becker will visit in Mexico City and from there they will go to Vera Cruz. The trip into Mexico will be made by airplane from Brownsville, Texas. The journey from Mexico City to Vera Cruz also probably will be made by airplane, Becker said today.

A trip to Cuba from Vera Cruz is on the cards, Becker said, and stay will be made in Havana and other Cuban cities of importance. Most of the Atlantic states will be visited, together with their most important cities. These trips will be made by steamship, railway and other modern means of travel.

Coming into the middle-western states Becker said he and Mrs. Becker had in contemplation a long journey, on the Mississippi river and some of its more important tributaries by river steamboats. This will be a real leisurely journey and will be in the nature of a long and interesting rest.

It is expected that these various journeys over the land of the free and the home of the brave will require many months to complete. At the same time Becker admitted, that some considerable business will also be transacted by him in many of the cities visited.

Marble Lion, Gift
Prior to his departure from Pittsburg, Mr. Becker presented a small marble lion to Stanley Hergeon, president of the Lions club of that city. The little lion is of Cararra marble and was sculptured by N. Torrini, an Italian artist. Mr. Becker purchased it many years ago on a visit in Italy and it has stood on the mantel of his Pittsburg home ever since. Becker was the first president of the Pittsburg Lions club.

Fog Causes Crash Friday Morning

Fog and poor visibility is asserted to have been the cause of a crash on Redondo boulevard between Madrona and Hawthorne boulevard at 5:30 Friday morning, when cars driven by Clifford Simpson of Torrance and H. Tucker of Inglewood sideswiped.

The cars were going in opposite directions and it is asserted that the left rear wheel of Tucker's car collided with the left front wheel of Simpson's car.

A minor crash occurred Friday at 5:15 p. m. at the intersection of Cabrillo and Marcelina avenues when cars driven by H. M. Custer of Los Angeles and Mike McGill of 17 Western avenue court came together. Damage was very slight.

KEYSTONE NOTES

Many of the friends of I. P. Weisitz here attended the wonderful opening of their new executive offices of the Weisitz Finance and Building Company on Saturday at 2422 West Seventh street, Los Angeles. The beautiful display of flowers which were received at the opening were indicative of the many friends of this old institution.

Mr. and Mrs. Z. W. Jennings entertained informal guests at their home on Dolores street on Saturday evening. Mrs. Barbara Berry, Roy and Donald Berry of Dolores street, Mr. and Mrs. Harry C. Roque and daughters, Andree and Blossom of Grace street, Mrs. Fernia Piper of Figueroa street, and Mrs. Charles Leitch, son Charles, Jr., were dinner guests. Cards were played during the evening.

In celebration of the 18th birthday anniversary of Miss Leona Johnson a group of Miss Johnson's girl friends dressed like youngsters and getting away with all-day suckers, arrived at the home of Miss Johnson on Avalon boulevard on Saturday evening. Games were played and refreshments served by Mrs. A. J. Johnson. Present were the Misses Alice Bartell, Jewel and Cleo Wright, Verna Bredahl, Louise Gianera, Lorene Cunningham, Allene Wisheart, Helen Bartell and Mr. and Mrs. Johnson.

Laura Gianera of Bonita street has returned home from a vacation spent with relatives in Fresno.

Hospital Notes

Births: To Mr. and Mrs. Frank Jarratt, 1028 Acacia, a boy September 10; to Mr. and Mrs. William S. Davis, 1317 Acacia, a boy, September 14.

W. Smith, 903 Anapola, was treated at the Jared Sidney Torrance Memorial Hospital Monday morning for an injured finger, which he sustained while working around the filling station at Portola and Redondo boulevard.

Measure Battery Values from the SAFETY POINT

Make the safety point your goal when you buy a battery. Below it you invite trouble, disappointment and short battery life.

You'll be safe with a Willard of the correct electrical size for your car. Searching tests guard its quality. Quantity production—two million a year—has brought down its price to the safety point... the lowest point that affords known values.

More motorists buy Willards than any other make of battery.
