Torrance School Notes

TORRANCE HIGH

Woodshop classes under the direction of Mr. William Burk, instructor, are building the ceiling for the stage set to be used in the senior class play, "The Thirteenth Chair," to be given on Friday, December 13.

The ceiling is not permanent, and may be used in other sets for future use.

A roll of tickets, each bearing the name of Torrance high school, has been purchased. These tickets will be used as gain tickets for admission to athletic events, auditorium door sales, raffles and ice

cream tickets, and for other school purposes where tickets are necessary.

Furniture for the new science hall, the new cafeteria and other departments is being delivered this week. By the end of the week it is expected to have the hall all in.

The printing department, under the direction of Mr. Henry Hens, recently printed for use among the students are now at work on the year books. These books will be among the students of junior and senior high schools. The year books will contain the school calendar, a complete map showing the various buildings, a copy of the regulations, requirements for graduation, the constitution and explanations of student government and the system of courses of study, etc.

"You're There With A Crosley"

QUALITY so fine that half the world doesn't realize that Buick is priced so low

It is an impressive fact that men and women are paying from two to five times as many new Buicks as any other car priced above \$1200.

Moreover, during August and September, Buick monopolized its market to such a degree that it won 41% of the total sales of the 15 makes of cars in its price class.

And yet this marked preference for Buick would be still greater if all motorists realized that they can buy six of the fourteen luxurious Buick body types for less than \$1300, f. o. b. factory.

These are Buicks through and through, embodying the full array of Buick quality features: Buick's new and surpassingly beautiful Bodies by Fisher; the famous Buick Valve-in-Head engine—most powerful engine of its size in the world; Buick's new Controlled Servo Enclosed Mechanical Brakes; the new Buick steering gear; new Road Shock Eliminator; and Buick's new, longer rear springs with Lovejoy Duo-Matic Shock Absorbers.

The new Buick, with these features, will introduce you to new and unequalled performance, driving ease, riding comfort and reliability on any day you put it to the test. And yet these six Buick models are offered at the price of cars which motorists never think of comparing with Buick!

Visit our showroom. Bring your present Buick. Learn how easily you can obtain one of our new Buicks. All are available on the extra liberal General Motors time payment plan.

In addition to these lower priced models, we offer eight other distinguished body types, representing the ultimate in luxury, and priced \$1465 to \$1995, f. o. b. factory.

The American Red Cross in Action

THE CHIEF EXECUTIVE ENROLLS—President Hoover, who also is president of the American Red Cross, is among the first to join the Red Cross.

A CRUSADE AGAINST ACCIDENTAL DEATHS
Red Cross train, demonstrating first aid, travels nation-wide to teach life saving methods.

ALWAYS READY!

A reserve army of 48,000 Red Cross nurses stands always prepared to answer the call during any emergency.

FOOD, SHELTER AND MEDICINE FROM THE AIR—Army and Navy airplanes aid Red Cross disaster relief by dropping supplies at isolated places in floods.

SERVICE TO THE DISABLED
Red Cross continues service work for the World War veteran, 25,000 of whom are in hospitals.

BUILDING HEALTHY BODIES
School children, under Red Cross nutrition rules, soon learn the value of a proper diet.

Disasters Almost Double in 1929. Red Cross relief was given in 116 disasters and \$800,000 was spent in this work from Red Cross funds. Food, shelter, clothing and rehabilitation in their homes was given more than 150,000 persons.

the mutual good of the sister ports." Los Angeles Mayor Porter and Long Beach Mayor Hougue smiled benignly when they heard reports of the meeting, predicted immediate agreement on unification.

State last fortnight thought they had been defied. The State Fish and Game Commission had dumped a load of slippery striped bass in the shallow, brackish shore waters of the Salton Sea (Imperial County). Next day were seen a group

amused husband. Around and around she merrily whirled. Her widedung grass skirt flirled with an illuminated gas stove caught fire, blazed up; made of the erstwhile dancing woman a flaming human torch. Husband Jerram strove to

Although the Columbia Steel has properties at Provo, Utah, Portland, and Pittsburgh, almost one-fourth of the sum paid by United States Steel for all Columbia holdings was to cover the cost of the Torrance plant. Present mills at Torrance include a foundry, an open-hearth

With such ships, the almond-eyed Nipponese expect to attract a huge bulk of the Pacific passenger trade, not forgetting the commercial trade. Late in the week the Asama Maru, hauled anchor, left for San Francisco.
