Baseball Fans Put
Up Fight for Funds

(Continued from Page 1)
was entitled to much credit.
More Baseball
Committee Stated
The discussion has gotten away
from the original subject of sup-
port for the baseball team, say-
ing "I disagree wholeheartedly
with the Chamber of Commerce
in their action in taking the funds
away from the baseball team."

Louis Meyer Plans Third Year Championship Race

Upper left shows C. M. Fuller,
president and general manager of
the Richfield Oil Company of Cali-
fornia, congratulating Louis Meyer,
America's national racing champion
of 1928-29, on his second year's
acquisition of the championship.

As Riley Britt has had it out,
Two passenger, 183-cubic inch
racer, twice as wide as the pres-
ent 9 1/2 inch, speedway cars;
weighing 1750 pounds, and
stream-lined to obtain added
speed.

Power plant of two parallel-
placed motors, each a straight
eight, geared into a double
crankshaft arrangement with
down-draught carburetion, two
valves per cylinder, and only two
carburetors for the car.

Secret cooling system operated
by a newly discovered fluid
which will permit cooling of the
bigger motor with the same size
radiator as used on the baby
racer.

Just like
MONEY
in the bank

Two major qualities of the Pontiac Big Six—its
reliability and long life—offer motorists a definite
cash advantage which is just like money in the
bank. For they increase still further the demand for
used Pontiacs—which means that the Pontiac Big
Six you buy today will have a high resale value
when you are ready to turn it in. . . . Investigate the
features which contribute to this reliability and
long life—such as the Harmonic Balancer, the
adjustable pressure feed lubricating system, and
the crankcase ventilation system. Come in today
and let us show you all of the wonderful advantages
offered by the Pontiac Big Six.
