**NEWS AND NONSENSE
IN THE P. E. SHOPS**

Edited by Carleton B. Bell

Harry Beagle was a visitor at the shops last week. Harry has been off for a long time and may not return to work at all but he says he feels better than he looks

and that ought to be good for he looks as well as anybody else.

Jarvis Stokes also was a visitor last week and what has been said of Beagle applies in his case except that he says he intends to return to work in another month.

I learn from reading in another column that in a few months MAY have plenty of weighty matters to occupy my mind without taking any of it to hunt up this news. I am not so sure that politics is as much fun as this column is to me and fun is just about all there is in either job.

Bill Paet of the paint shop will get absent-minded once in a while—for instance last Saturday he drove his auto down into the heart of the business district of Torrance, parked, and went about the business of purchasing what was needed for the family over Sunday. After buying all he could think of he carried them all home and just

about the time he had his burden down in the kitchen he remembered that he had driven down. So all he had to do was to walk back down town and bring the family auto back with him.

Mrs. Alma Merritt is not going to let all the other folks get ahead of her in matters educational. Everybody and his brother is taking some kind of night school work and Alma has chosen to learn to pilot an automobile. She has taken several lessons already and with proper instruction and close application to the study she hopes to be able to drive safely by early summer.

If you want to get the low down on travel see Andy Anderson. He made a trip to San Francisco Saturday by T.A.T. airplane and has had an admiring group around him most of the time since his return. The trip to Frisco took just 3 hours and 15 minutes. It makes one jealous to hear him tell of it. He's familiar with all such wonderful and exciting things as air-pockets and things like that. I have almost determined to hold out on the wire some payday and take a trip like that myself.

Jake Groskopf was celebrating Monday the 10th, the event being his birthday. The word got around the shop and he received many congratulations. In the evening a

wonderful birthday cake with the required number of candles on it helped to make it a "perfect day" for Jake. Many more of them Jake and mighty happy ones, too, is our wish for you.

The blacksmith shop was too busy scratching to get much news out of. Some practical joker had spread around some itching powder and that was just about the only topic of conversation.

Everywhere we go throughout the shops folks want to know something about gardens, bulbs, flowers, planting, growing, etc. Evidently the flower show which P. E. glad fans hope to hold in the club rooms about the first of June will have plenty of representation from Torrance.

Johnnie Newswanger of the machine shop resigned Monday to take a position with a company manufacturing lawn sprinkling systems in Pasadena. Johnnie had been with the company almost ten years and had made many friends who hate to see him leave, but at the same time wish him success in his new field.

Leslie Green, son of Lee M. Green of the truck shop, is rapidly recovering from serious injuries sustained when he was injured in an airplane crash near Lancaster.

CHRISTIAN SCIENCE CHURCH
"Soul" will be the subject of the Lesson-Sermon Sunday in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

Among the scripture selections in the Lesson-Sermon will be these exhortations from the Psalms: "O sing unto the Lord a new song; sing unto the Lord, all the earth... Honour and majesty are before him; strength and beauty are his sanctuary... O worship the Lord in the beauty of holiness." "And let the beauty of the Lord our God be upon us." "Let Israel rejoice in him that made him; he will beautify the meek with salvation."

Correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," present these statements by Mary Baker Eddy: "The embellishments of the person are poor substitutes for the charms of being, shining resplendent and eternal over age and decay." "The recipe for beauty is to have less illusion and more Soul, to retreat from the belief of pain or pleasure in the body into the unchanging calm and glorious freedom of spiritual harmony."
