

CHERRY BLOSSOM FESTIVAL, MARCH 30

The Annual Cherry Blossom Festival in the Beaumont-Banning district will be held Sunday, March 30, according to information received by the touring bureau of the Automobile Club of Southern California.

ANSWER QUESTIONS OR GO TO JAIL

SAN FRANCISCO (UP)—If you don't answer the questions the census taker asks you, he can send you to jail. Don't forget that, warns the local census office, quoting a warning by Robert P. Lamont, secretary of commerce.

Here Are the Questions Census Taker Will Ask You Next Month

Due to the large number of inquiries received by newspapers, Chambers of Commerce, etc., relative to the questions that will be asked by the census taker when he begins his roving on April 1st or April 2nd next, this newspaper has obtained a copy of the questionnaire for the census on population which contains thirty-two separate questions that will be propounded to the housewife. Everyone should read this list of questions in order to become familiar with the information required by the Census Bureau. Each question must be answered correctly or to the best knowledge of the person with whom the census enumerator comes in contact. Here they are: Place of Abode. 1. Street, avenue, road, etc. 2. Your house number (in cities or towns). 3. (Relate to enumerator's work only). 4. (Relate to enumerator's work only). Name. 5. The name of each person whose place of abode on April 1st, 1930 was in this family. You must have the surname, given name and middle initial, if any. The enumerator will include every person living on April 1st, 1930 but he will omit any children born since April 1st, 1930, should he not reach your house until later in the month. 6. Relationship of each person to the head of the family. Home Data. 7. Is your home owned or rented? 8. Value of your home, if owned; or monthly rental, if rented. 9. Have you a radio set? 10. Does this family live on a farm? Personal Description. 11. Your sex. 12. Your color, or race. 13. Your age at your last birthday. Marital condition. 14. Whether single, married, widowed, divorced. 15. Your age at the time of your first marriage. Education. 16. Have you attended school or college any time since September 1, 1929? 17. Are you able to read or write? Place of Birth. 18. Your own place of birth. 19. Give the place of birth of your father. 20. Give the place of birth of your mother. (If born in the United States you must know the State or Territory. If of foreign birth, you must give the country in which the birth place is now situated. The enumerator will wish to distinguish between Canada French and Canada English. Also Irish Free State from Northern Ireland.)

Mother Tongue (or native language) of Foreign Born. 21. The language spoken in your home before you came to the United States. Citizenship, etc. 22. The year of your immigration to the United States. 23. Are you naturalized? If so, when were first papers taken out? Are you an alien? 24. Are you able to speak English? Occupation and Industry. 25. State your trade, profession or particular kind of work, as spinner, salesman, riveter, teacher, etc. 26. The industry in which you are engaged, or business, as cotton mill, dry goods store, ship yard, public school, etc. 27. Class of worker, as for instance, whether employer, wage or salary worker, working on your own account, or unpaid worker but member of the family. Employment. 28. Whether actually at work yesterday, or the last regular working day. You will be asked to answer "yes" or "no." 29. (For enumerator's use only). Veterans. 30. Are you a veteran of the United States military, or naval forces? 31. In what war or expedition? 32. (For enumerator's use only).

HI SCHOOL HI LIGHTS

By MURIEL BELL. Learn how to be graceful from the Junior high boys. They have acquired the ability to lead school yells. In the yell leader tryouts last week, Leonard Locke, Paul Lessing, Toshiaki Suminago, and Pete Zamperini were the stars. Their limbs are a little rusty, but it takes time.

Real honest to goodness pep was shown by the combined alee clubs (can you stand the shock?) when they sang the school's national anthem before the assembly. In other words, the school song. Dallas Danford led the song. Leonard Locke the yell, and John Young tickled the keys of the baby grand. The purpose was to revive the snap and enthusiasm in the song.

Roy Hamerston, a recent tow-head of Torrance high, was back for a visit last week. Jack Hendricks was also around school, most of the time talking to Mrs. Eischen.

Marjorie Riley will some day put her class on top of the others by her talent in hula hula dancing. Miss Sherer, one of her instructors, is entertained every day by Marjorie's dancing up and down the aisles of the room. She is a clubby lit rascal and sure swings a wicked hip.

A tea was given to the girls of the seventh grade recently by the senior girls, who each have a little sister among the class. The delightful refreshments were made by the cooking classes under the supervision of Miss Collier. There was a short program, which was planned by Loma Kizer.

Ralph Berry, Vivian Noodin, Eleanor Williamson and Mable Wiseheart have left school for some other town where they may receive some more education.

Dorothy Hansen had as her guests over the weekend, Dot Chandler and Ethel Ward. They were at Hanson's cabin at Laguna Beach.

Miracles will happen, even to the sleepest boys. One surely did happen when 60 or 60 boys and girls left their warm beds at 5:30 in the morning Saturday to go up to KNX to hear Dr. Staelius broadcast. Even Mr. Mowry and Mr. Wood were out so very early that morning.

A total of five pounds was lost by the senior class. The diet was one of argument over senior ditch day. If not more than a hundred difficulties confront them today, they will be having a hilarious time at Lake Elsinore. If more difficulties than that come up, they will be at school studying their lessons faithfully.

Jessie Mae Kite, an old friend of the students who have been fortunate enough to be here for many years, was a guest of Jane Roberts over the weekend. She had many a laugh from the Junior play Friday night. She is attending Beverly High and will graduate this June.

Thalia and Goldie Higgins once traveled around the country and gave tap dancing on the stage. Wednesday they presented a little number for the audience at the two-act play given by the home economics department.

"Starting Something" play given by some of the girls, surely did start something. All the girls in the home economics classes have been wearing hair ribbons on their hair ever since the name of the play was published. Girls just miss their younger days so much that they have to go back to them over once in awhile.

Trouble, more trouble and confusion have reigned in the auto shop since Glen Tolson and Charlie Faulkner appeared on the scene last week. More Fords have been mutilated by these intruders.

"BUT DON'T GO NEAR THE WATER"

George Anderson hung his clothes "on a hickory limb" and DID go near the water. He is with the American Lifesaving Corporation of New York and the camera man

caught him just as he leaped in the Potomac River to demonstrate to officials of the Steamship Inspection Service, Department of Commerce, a new life-saving suit. Food and stimulants can be carried within this suit and the claim is made that you cannot sink while wearing it.

HORSE IN MUSEUM

KANSAS CITY, Mo., (UP)—"Display," the wooden horse which has stood outside the harness shop of Foster-Helmreich-Wagner Harness company for the past four decades as an advertisement of their business, will become a part of the Henry Ford Museum at Dearborn, Mich. Ford representatives, hearing the veteran Kansas City firm was retiring, secured the horse for the museum.

SUN EXPLODES X-RAY FILMS

Dr. Shaeffer of Redondo Narrowly Escapes Death from Fumes

Strong sun shining on a package of X-ray film yesterday caused an explosion which threatened the life of Dr. R. W. Schaeffer, Redondo Beach physician.

The doctor barely escaped death from the same type of poisonous fumes which killed scores in the Cleveland hospital disaster of 1928. Doctor Schaeffer was driving from the Redondo hospital to his office, 200 South Pacific avenue, with the films in a paper envelope on the back seat, when there was a sudden explosion and flash of flame. Realizing the danger, Schaeffer quickly stopped the car and tumbled out, partially overcome. Passersby helped in reviving him. Fire apparatus was called, but damage to the car was slight. Dr. C. Max Anderson, superintendent of the Redondo Hospital, stated yesterday that physicians frequently carry films openly in their cars.
